

Wow! What an amazing summer! Where has it gone?!

...Sorry.

I didn't want to put in any cringey stuff, but it turns out I'm legally required to start off with it.

So.

So!

There's a lot of directions I can go with this. I can write about how this yearbook will transport you back to summer and warm your heart on cold winter nights, allowing the energy of summer to pour off the pages and into your very bones. The problem with that, of course, is that it's fairly nonsensical, and is perhaps even cringier than my opening line.

On the other hand, I can give a whole pitiful speech about the effort I put into this, pouring my very heart onto the pages that now lie before you, *in your very hands*, so you'd better *ENJOY* it, okay?! But that would not just be cringey; it would be untrue as well.

I could also tell you what time it is now. This is a very popular option. It's like there's a free Pepsi (caffeine free) for whoever wrote their article at the latest time of night, closest to the deadline. There was actually a color war general a few years back who wrote his In-General by day, and then stayed up until four so that he'd be able to put that into his intro. He didn't win anything, though. Not even Color War. To be fair, I think the people who write that are really trying to apologize. "I know it's not funny, but I *thought* it was funny, because when I wrote it *everything* was funny so just *pretend* it's funny, all right? If you do that for me I'll add a line where you can write your name in!"

Also, I should stop writing in first person, seeing as I'm going to sign two names at the bottom. Whatever. You'll just have to guess which one of us wrote this. You could win! Not Pepsi; we ran out of that. There's still Sierra Mist, though.

Two Mists if you can guess what time it was when I wrote this. (Hint: No one gave me Pepsi.)

But let's be honest; if you're reading this message at all it's either:

(A) Your first year in camp, and you plan on reading the entire yearbook straight, in the vain hope that you'll get a shout out from an arbitrary eighth grade counselor, or

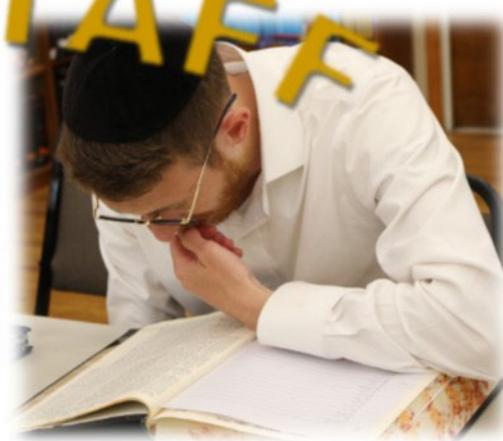

(B) It's like four years from now and you've boredly pulled this yearbook out on shabbos afternoon, and it's slowly dawning on you that you don't remember any of the camp jokes.

In either case, sit back, relax, pull out the popcorn and wait for the Memories video to come out.

Enjoy!

Dear Campers and Staff:

בט"ד

There is no cliché that appropriately encapsulates our experience here in camp. Summer 2019 went by in the blink of an eye. It is time to stop and reflect on this wonderful present that Hashem has given us called "Ruach Country. Each and every one of us in whatever our role has made new friends and started what will become lifelong relationships. This is just one of the many reasons for me to express all of our Hakaras Hatov to the camp's staff.

A public thanks to the following outstanding individuals is in order. Our dedicated head counselors Rabbi Mordechai Karfiol, Rabbi Avrumi Neiman and Rabbi Eliezer Feuer. Rabbi Feuer also partners with Rabbi Avrohom Nusbaum as head of our excellent learning program. Each member of our devoted head staff, Rabbis Yitzchok Dabbah, Shmaya Friedman, Avrohom Moshe Kaufman, Eliyahu Kaufman, Shloima Landau, Gershon Septimus, Yitzzy Stern and Avraimy Weinreb have made every camper feel right at home. Thank you Rabbi Avi Schilit for your flawless and pleasant coordination of trips and other events. Our Machane Ephraim directors, Rabbis Menachem Feifer, Duvie Frischman, Dovid Goldstein and Yehoshua Yaraslowitz enhance the ruchniyos of the entire camp.

Feeding a camp full of hungry boys all summer long is no easy feat. Chef Avrumy Flam along with Rabbi Schwebel make it look effortless.

Although we will never forget about our beloved Mara D'Asra Hagaon Harav Chaim Yisroel Belsky זצ"ל, we are fortunate that his distinguished son, Harav Elimelech שליט"א comes to camp from ישראל to serve as Rosh Hamasmidim. It is truly our זכות to have had Rabbi Yisroel Reisman שליט"א and Rabbi Daniel Kleinman שליט"א as our Mara D'asra. We thank them for giving of their time.

To all those who do so much for camp in so many different ways: Rabbis Shimon Finkelman, Yaron Halbertal, Yanky Hirschel, Avi Pearl, Yehuda Schwebel, Efraim Wicentowsky, Hillel Yarmove, our deepest thanks. Rabbis Yisroel Majeski, Meir Margulies and Shlomo Fixler who do an exceptional job running all aspects of the Day Camp. Thank you.

Thank you to the ladies of camp who ensure that our campers are well cared for Mrs. Belsky, our camp mother and Mrs. Brustowsky, our nurse.

Not everyone realizes the extensive year-round efforts of our dedicated administrative staff headed by Mrs. Nockenofsky and Mrs. Rand along with Mrs. Shulamis Gluck and Mrs Aidee Richman. We thank them for their tireless devotion to the cause.

It is a true honor to work hand in hand all year long with Rabbis Yossi and Yehuda Friedman in the planning and management of Camp Agudah maintenance. Their job cannot be done without the help of Hershk, Yitzy, Shimon B., Moshe, Feivel and Eli. R' Chesky Richman and Eli Serebrowski help us achieve excellence in so many new areas.

Last year we were privileged to have Moshe Schmalz join us in running our maintenance division. Once again he hasn't let us down. His calm and professional manner coupled together with being a wonderful ben torah, kept our camp running smoothly all season long.

It is a truly a pleasure to work in the company of such esteemed colleagues and under the tutelage of the incomparable R' Meir Frischman. The trust he has placed in us motivates us all and truly obligates us to carry out the great legacy of his work in this wonderful קודש מקום. May he continue guiding us for many years to come in good health and happiness.

Lastly, I'd like to thank my entire family for putting up with the unpredictable schedules and for their constant support. May we all be זוכה to spend next summer together in Camp Agudah Yerushalayim.

Shimon Newmark, Director

Dear Campers,

What an amazing summer we had B"H! From the Gedolim who visited, and were impressed with your wonderful Middos, and Learning, to the exciting activities where you showed how to play as a Ben Torah, to the fantastic trips where you were Mekadesh Shem Shomayim Berabim. The amount of growth that each of you had in these short few weeks together is something that should make you proud. The main outcome of all this is that you have discovered your true essence, and abilities, and that you could enjoy life in every way while being connected to Hashem. Take all the Ruach back with you to the city, and warm your cold winter days with the memories of Camp Agudah Ruach Country. Hatzlacha Rabbah, and we hope to see you next year in Yerushalayim.

Sincerely,

RABBI AVRAHAM NEIMAN
RABBI MORDECHAI KARFIOL

Dear campers שי"ומע

It's that time of the summer when we have to reflect on what we accomplished the last few weeks. B"H we are blessed to be together in RUACH COUNTRY the greatest place on earth outside of ERETZ YISROEL. We are surrounded by incredible boys from around the world as well as such special REBBEIM MECHANCHIM who guide us in camping and learning every single day. We are Zocheh to have GEDOLIM spend Shabbos with us and hear the DVAR HASHEM from them.

From early morning cocoa club to late night Dirshu shiurim we dwell in the sea of Torah each day. This year we added equipment to the learning dept. canteen to enhance the learning in camp. We added the "on time every time" cards to assist is in coming on time to shiur. But most of all you boys added so much energy and spunk to your shiurim as you all grew in Torah and Yiras Shomayim.

The highlight certainly was the most awesome powerful scene of almost 500 boys coming to the Shul twenty minutes before Kabbalas Shabbos to learn and be Ma'aver Sedra. As Rav Hillel David shlita told me as he walked into the Shul. He froze and said I've been here many years for Shabbos but this i have never seen!!

Chevra take it all in, absorb all the wonderful lessons and memories from camp Agudah and when you need a little recharge in the winter months close your eyes and remind yourself of the glorious moments of the summer in camp. Continue to SHTEIG continue to Daven well and perfect those beautiful Middos you all have and may we all join together in RUACH COUNTRY in ERETZ YISROEL real soon !!!

Sincerely,

RABBI ELIEZER FEUER

RABBI AVROHOM NUSSBAUM

THE BUNKS

Wow!! What an awesome summer!!

So much fun and excitement. Where has it gone?

At least we can take the ruach and friendship back home and treasure it until next summer.

As I write this article, I reminisce the good times we had together. Especially in the Junior division. From cocoa club early in the morning thanks to R. Cohen. The Geshmakeh davenings in Beis Rafael with the Rebbe of Chizuk Chabura Tefillah, Rabbi Freidman. The Shabbos leining trying to keep up with R. Schwebel (zooommm). "Three minutes until bedside inspection". Wholesome and delicious meals, thanks to the greatest "Chef Flam" (somehow my diet didn't go so well). Don't forget the Agudah style learning groups with the greatest Rebbeim thanks to R. Feuer and R. Nussbaum (maybe also Mordechai Hanna). What about the swimming, in a crystal clear and invigorating pool thank to R. Pearl and the lifeguards. Night activities with the greatest night activity director, R. Landau. Intercamp games with the basketball sensation R. Y. Stern (refuah sheleimah). Rockets and Arts and Crafts with Professor Rabbi Krafty. Don't forget the greatest trip maker/tee shirt printer/mishnayos counter/.....Rabbi.....Avi.....Shillit!!!

We had great times together, activities, trips, cantatas, plays thank you Rabbi Finkelman (the Chofets Chaim of camp), oar, color war, concerts, carnival and much more.

This great summer happened because of the GREATEST COUNSELORS AND JC's that we had in the junior division. They were so dedicated and self-less. I thank each and every one of you for being so caring and devoted and for giving the kids a great summer. May you all have much Hatzlacha in Yeshiva this year. YOU GUYS WERE GREAT!!!!

It goes without saying that in order for a camp to run so smooth and efficient, it takes great people to do it. Much Hakaros Hatov and appreciation to the world's greatest head counselors R. Neiman and R. Karfiol. I don't know how you keep getting better each year. A personal thank you for your friendship. May Hashem repay you with all the Brochos and Nachas from your children.

To my colleagues (if I may), the division heads, thanks for your advice, help and friendship (and for pitching in). May you all have brocho VeHatzlocho with much simchos this coming year.

A very special and warm thank you to R. Frischman and R. Newmark. The hours upon hours that you put into camp is a reflection of your Mesirus Nefesh and Ahas Yisroel.

A personal thank you for having me and my family, as part of the Agudah Family. We will always treasure it.

We wish you all Arichus yomim Vshanim in good health with Yiddeshe Nachas.

Thank you ALL for a greatest summer of my life!
Next year B"H in Eretz Yisroel!

OCCASIONALLY, THE SITUATION IN BUNK HEY IS COMPARABLE TO A SHMUELI UNGAR CONCERT IN GAZA BECAUSE...

The matziv chapped **Shlomo Aryeh** because he pashut didn't chap the matziv. Ouch. *Wink Wink, Elbow Elbow*. On the other hand, **Yehuda Augenstein** didn't yet internalize that as yidden in galus not necessarily is the situation always optimal. However, **Shmuel Yaakov Biberfeld** couldn't get involved in an Off-The-Steps game. For some reason, **Moshe Egert** just couldn't seem to find his bed board #WHERE'DITGO. **Yaakov Egert** got an Agudah shirt with the number ten last year, and trauma is still present. **Zalman Friedman** somehow missed a cocoa club. The Contracted Whistleblower **Kalman Furman** lost both his contract and his whistle, primarily due to counselor abuse. #TzviGoldBetrayedMyTrust **Yosef Haft** happened to appropriate Shlomo's cap one too many times, and learnt the consequences. Due to various misdemeanors, **Sender Hiley** got his USB lamp confiscated. Oh, the absolute horror! As it happened, **Dudi Isaac** couldn't perform brain surgery on Shmueli Ungar's stomach. In a vacuum cleaner like moment, **Yisroel Lesser** found out that the canteen stopped selling pizza, and **Shmuel Pearlman** wasn't woken up by his brother's sonic boom alarm clock. **Zevi Resnick** will *vadai* always be a Ruach Country Boy. **Shmuli Shachter** somehow lost half of his 5,758,982 water bottles. **Shimon Sholomov** couldn't locate his Crocs. **JC Shuie Bergman** is in exile, flung far from the bunkhouse, in the distant horror known by its pseudonym, "The Lodge." **CC Shloime Friedman** got called a "Staff Kid", which although true has connotations that **Shloime** does not want to be associated with. **CC Efraim Levin**, had campers in his cubicle, actively **SHATTERING HIS CERAMIC CACTUS**.

BABY SITTER # 1
AKIVA "MONICA" SHARF

BABY SITTER # 2
RAFI "DRIZZLE" GLAZER

Due to the fact that **Bunk Yud Daled** is so much more awesome and savage than any other bunk in camp, their bunk article will be dumped on the last page in the yearbook, as it would be too degrading for them to be with any of the "regular" bunks.

WHY I DID NOT WRITE AN ARTICLE

I can't believe it's the end of the summer. I know. I know that that sounds like an unoriginal way to begin an article, but, I'm afraid that this year I'm not writing an article for the yearbook. So it's not a issue starting that way. Allow me to explain.

You see, I have this problem. Every summer Yonatan Monheit comes over and asks for an article for the yearbook. Now, there's nothing wrong with that. After all, that's his job. And we want him to do his job. Because we all want a yearbook at the end of the summer so that we can take the memories home with us.

The problem is that he comes over to me the day we arrive in camp and asks for the article. Okay. Maybe not mamesh the day we come to camp. Maybe it's more like a week or so before the end of camp. But it's really the same thing.

You see, how can I write an article before we finish all of the excitement that's going on in camp?! So I say to myself, "He can't be serious." I mean, does he want me to skip mentioning Color War? Should I leave out the Grand Sing?! Or the 7th Grade Olympics?! Or the Intercamp games? Or Niagara? Or the concert? Or the last Shabbos in camp? Or all of the other nonstop action and things that happen in camp till the last minute? I don't think that he would want that, would he?

So when Yonatan comes over and asks for the article I think, like, "You're kidding." You don't really want me to write an article BEFORE we have all the fun. I'm sure that you really mean that I should wait till the end of camp and then- and only then- when the action slows down- should I sit down and try to put down my thoughts on paper. Right?

Well, it seems like I was NOT right. You see, it seems like Yonatan really DID expect me to write an article before the action was really finished. I'm not sure that was supposed to happen. But it seems like he wanted me to write about all the fun we had BEFORE we finished having the fun. Now, I don't claim to understand how that's supposed to work. But whatever the case- **I missed the deadline!**

So, unfortunately, due to deadlines and stuff I won't be able to write an article about all of the fun we had this summer. I won't be able to write about all of the amazing activities, trips, learning, Olympic breakout (got you there!), special Olympic-sized shirts for the generals and lieutenants, zemiros, plays, skits, Color War, melave malka, concert, cleanups, wakeups, "get out of the bunk"s, "get into the bunk"s, "get out of bed"s, "get in to bed"s, "lights out 10:15", clear the railings or I'll do it for you, Niagara, Liberty Heights, leagues, playoffs, put on your hat, leave on your tefilin, and all of the other things that made this summer and this 7th grade the best one EVER!

No, since I missed the deadline I really will have to skip all of the things that I would have written in my article. I won't even be able to mention the amazing cantata and the inspirational Shiva Assur b'tamuz and Tisha B'av that we had in camp. I won't be able to talk about the Shmueli Unger arriving in a helicopter to give us a few apples and to announce the concert. **I simply missed the deadline.**

So now what do I do?

It's too late. I should have just sat down and taken Yonatan seriously. Then I could have told you what amazing counselors you had this summer. I could have told you how amazed I was at their dedication and concern for every one of you. I could have told you that you guys were the best campers ever. I could have told you how much I'll miss you guys over the year. I could have told you that I was inspired by how much you've grown over this too-short summer. I could have told you how amazed I was to see you set goals and reach them. ("Good morning Rabbi Septimus shlit'a" ...) I could have told you how proud I was every time another one of you put on tefilin and/or became bar mitzvah.

Yes, I could have really written a nice article. **But I missed the deadline.** So I can't.

So I'll just tell you this small thing:

YOU GUYS WERE THE FUNNEST MOST AMAZING GROUP OF 7th GRADERS! I'LL REALLY MISS YOU!

Have a great year and-

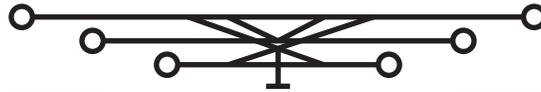

Looking forward to seeing again in Ruach Country Yerushalayim!

CC MOSHE CHAIM KRIESER | CC DANIEL SCHULMAN

DEAR

LOVE, YOUR COUNSELORS

Zacky Aryeh- where are you, its curfew? Don't worry, I am not trying to put you to bed rather I just want to go on a walk. Oh, and I am bringing Winkies (the candy) unless you're "allergic" to them... Afterward, try to get a good night's sleep because after all it was your amazing idea to awaken early for a fourth day to show gratitude to Rabbi Karfoil. By the way, I learned how to clean my cubicle #CLEANED MY CUBICLE WITH GEIZHALS.

Shloime Bergman- how is my father's best friend's sibling's kid doing? Are you enjoying the cottages? I hope Shea isn't shnuring Dougie's from you because he gives you Masmidim privileges. But you can still get free water #WATER WAKE-UP. Send regards Gellis.

Avraham Chaim Fine- why are you riding shotgun in the laundry van? Are you trying to impress them? #KU I need to give you that slush I owe you. By the way, Eliezer and I both agreed it's a travel. And no, I can't talk sports. Also, you will always be a ruach country boy!!!!!!!, no matter how shtark you become.

Shmuel Chaim Friedman- can you please stop eating all nine of Dovid's pretzels and quiet down? I am trying to finish the mishnayos already. Also, thanks for staying by the Shabbos meals; it was nice to have someone to dance with. Also, I am looking forward for the challah roll music video to be produced with all the choreography (dances).

Eli Heineman- yes, I know I am your favorite counselor, not just because I am sick at sports but also because I am so nice and an amazing storyteller. SINCERELY, MEIR LANIADO (LENNY) P.S. Your counselors say hi and they love having you in their bunk. Also, Daniel said to remind you that about the volleyball games. When you become a famous singer, don't forget them!

Avi Kranz- shachris; I would say you get an 89%. Not a perfect game, but pretty good. I don't know why you tried killing me in the Homerun Derby, just kidding it was way over my head (I was standing on the other side of the left field fence). Gorgeous hit! It turns out that you're just as good at baseball as you are at basketball.

Dovi Kriger- wait, did I say Dovi? I meant to say Dovid. Where are you, I said five minutes. Don't tell me you went to get another pretzel, there's no point; Shmuchi will pop it. Anyway, you need to save room for the challah rolls.

Elya Lebovits- come, let's go to breakfast. Oh shoots, I guess you're not having cinnamon toast crunch today, but it's ok since you "ate" Dovid for breakfast; yum, yum! Also, I am taking you tissues #CLEAN NOSE.

Daniel Mendelsohn- hey Daniel, are you for real seriously, you must go to the Shabbos meal you know what, I'll make you a deal I will get your stuff from Rabbi Septimus, if you eat a banana peel.

Chaim Tzvi Neiman- wow, third summer. You were by cocoa club many times. Has my refereeing improved? #COLORWAR BASKETBALL MVP #DEODARANT SMELLING. Although we are not related *wink*, we don't need to be.

Noach Aryeh Schechter- I can't wait to discuss that matching thing with you, because after all Avrom Moishe has singles by the soda machine; I am going to him some time this Succos. I will send regards to Eli Schulman.

Moshe Simha- I know you're basically the only one by supper, but can you stop making those noises and imitate Reb Michel? And by the way, do you want to hear a funny joke?

Asher Weitzner- what a leader! You almost led your team to victory...I loved you lieutenant's shirt. You had an amazing shachris attendance (keep it up). It's really interesting that you drink highly caffeinated drinks right before curfew...

Gedaliah Wygoda- whygoda Brooklyn early? You had the best bunk. Thanks for always hitting threes for me ☺. I can't wait to see you in Israel, in a hat and jacket.

Yehuda Zanziper- You were such a responsible camper. You never missed any activities, meals, shachris, mincha, maariv, or night seder. I am so lucky to be your cousins, cousin.

Gavriel Zwick- I don't even know where to begin. Since you were always at meal, can you serve me some water? Because you clearly can serve in volleyball. I love the way you always made your bed. Just to make things clear, I don't hate you *wink wink*. After all, you know my personal nickname (view *). We also fressed over Dougie's, TWO nights in a row (shared a JR COMBO). I can't wait to see you in Israel.

Moshe Chaim Krieser- low-key, the most shtark bachur in Shaar HaTorah d'Queens. I heard that Mrs. Geizhals cooks good food. Stop wine-ing *wink wink* by the Geizhals home. You're also an amazing league captain, how else would you have such an amazing record? But, seriously you're an even better counselor.....JK.....JK.....JK.....JK.....JK (now your confused) ☺. Thanks for the cubicle.

Daniel Schulman- hates all his campers equally. He is always claiming that he is good at baseball, but never shows off his "rocket arm" at shortstop. #DANISH #DIETS #GEIZHALS #CUBICLE #SPEEDSTER #PANTS TOO BIG #CAN'T PLAY O-LINE IN FOOTBALL #NEVER MADE IT TO RFFL

Shout out to **Michoel Adler**- ROTATOR? Wow, good things happen when you're around. That was the best water hiking trip ever #MAURICE WINK-WINK *wink wink*. It was so nice to see other camps while we were hiking #ACHDUS IN THE AIR. So happy you ended up coming, and you never appreciate flowers and I wouldn't have any proof.

Dovi Geizhals- is a legend for staying up till seven a'clock with me after the Grand Sing to type this. Dovi, you are such an amazing friend. I know that I can rely on you for anything. I can't wait to text you *wink wink*

And he's got a huge smile on his face as he politely yells NOT TODAY!!" P.S. Moshe is NOT an easy guy to beat in a 1 vs 1, trust me. #MostImprovedPlayerOfTheYear #OfCourseYouCanBorrowASefer

"Time winding down, **Dave Haas** with the ball. 3...2...1... Dave puts up a three for the win... HE BANKS IT IN!!!! Hes done it again for the 4th game in a row!!! Can anyone guard this man in crunch time?!" P.S. Dave from Monsey you are on the air with uh... Mike Francesa. #SoMuchDougiesIn1Day #OrangeBathRobe #WokeUpOnTheWrongSideOfTheBed #TzitzusTwirl #RabbiKarfiolHeardThat

"**Dovi Kay** flicks on the serious switch and he's not playing around. His team needs him to step up and he's looking to do just that. They give him the ball on the wing, he looks up and sees three defenders between him and the hoop. But he couldn't care less because these guys were below average defenders. So he barrels his way into the paint, gets hammered, whistle blows, puts it up... AND GETS IT TO FALL!! AND1!!! Amazing concentration to take the bump and still get the shot to go down." P.S. Maybe start saying Take care of yourself instead of kys. #BurbonBeefJerkey #5Pounds!!!! #GreatestBigBrother #WhatDoesYourDadDoForALiving

"Bottom of the 9th, the classic case, bases loaded, 2 outs, and **Elimelech Lewowitz** is up. It's now a full count and the pitcher is looking dead. Pitcher steps in and fires a 4 seam fastball, Elimelech swings and that ball is CRUSHED!!! DEEP CENTER FIELD!! NIT IS HIGH, NIT IS FAR, NIT IS GONE!! P.S. Elimelech may be a better story teller than me. #KravMaga #DeepWaterTest #ImJoking

"**Rafi Lehrer** dribbling on top of the key, screen set on his right, Rafi dribbles right, crosses back to left, behind the back, nice hesitation and OH HE DROPPED THE DEFENDER!!!! Puts up a floater right over the center... IT'S GOOD!!!! Rafi with his 7th double digit game in a row!" P.S. Rafi you are the best ABBL hocker in the grade. #HollywoodActor #MyFellowMirBachur #LovesMyPantry #SnazzyShabbosShoes #DONTGET-CAUGHTONKINGSHWY

"The passing of this team is unbelievable! Top of the key to the high post to the right wing back to the... PICKED OFF!!! **Naftoli Newmark** just took that right out of the air for yet ANOTHER steal!! These kind of passes are not gonna work when hes playing up top!" P.S. Aftolinay peak-say etterbay igpay atinlay enthay emay!!! #Describe #StaticAndBenkel #ApologyLetter #SatOnCheskysBed #4HALVES!!!!

"**Simcha Plotsker**, a series of moves, drives hard to the right, jumps, hanging in the air, 1 defender tries to block him, another defender jumps after to block him, yet ANOTHER defender tries after, HES STILL IN THE AIR!!!! HOW IS THIS EVEN POSSIBLE!!! The athleticism on display is breathtaking! Whats this?? Now he double clutches and puts it in!! How long was he in the air?!" P.S. Simcha is the number 1 guy if you need electrolytes. #7th GradeChavrusah #LearningWithLenny #Suprise!! Happy Birthday #YouOwnedMe #ALWAYS HYDRATED

"**Mendy Schuss**, bullying the defender in the paint, backing him down bruising some ribs, spin, pump, gets the defender in the air, nice jump hook... AND IT FALLS!!! Mendy Schuss with a grown mans move!!!

Hakeem would be proud!!" P.S. Of the biggest chillers in 8th grade, happy I got to have you again now when im a little... calmer. #RabbiSpeigel #BHSOManyChasunahs #BestGuyToHaveOnYourLeagueTeam #Rayim??

"Through the legs, behind the back, spin move, crossover... TAKEN AWAY! **Shimmy Stahl** with a beautifully timed steal to make it three in the first half!!! You could tell he wasn't falling for any of that flashy dribbling! P.S. Any success the Mets have this year is in your zchus. #2ThingsVolde-mortisScaredOf #LegendaryDad #KnowsMore-

"In middle of a football game and whats this? We have a streaker on the field! He's running at the 50, he's at the 40, the 30, th... BAM!!!! HE GETS LAYED OUT BY **MEIR WEINBERG**!! Meir with a gorgeous tackle just took the air right out of that poor guy! Looks like all that practice wrestling with Eli has payed off." P.S. So happy I got to know you second half. #MASSIVEwaterbottle #DeepVoice #TopBedToBottomBedRight-BackToTopBed

"**Avrumi Yarmish** coaching the 8th grade team vs the 9th grade. Calls a timeout draws up a beautiful play a now let's see if his team can execute it. Everybody in their positions, play works out to perfection, Mendy gets the ball tries to lay it up, he gets smashed but no call! Mendy goes down holding his face, and Avrumi is IRATE!!!! I've never seen him like this. He's demanding an explanation from the ref, but if he isn't careful he might get t'd up, and there it is his first career technical. He can't believe it!!! Someone better hold him back before he gets ejected, TOO LATE!! The ref just threw him out! This is the craziest turn of events I have ever seen." P.S. Shame we never got to have a legit kumzits, you would have rocked it. #EarlyToBedEarlyWakeUp #InHouseKeyBoard #NOTDoingGrandBechina

Chesky Green im going to have rachmanus and not write a whole sporty shtickle for you, but you should know I still Love you.

Yitzy Singer- Tyler Herro is the best, Jimmy Butler is the best, Andrew Wiggins is trash, will be running races at color war till the end of time with a broom because he LOVES to sweep and always respected his counselor (20 year old shnook) and was only woken up motzei shacharis #TylerHerro #YatzeeFatzee #TylerHerro #BetsieTheCow

Eli Tress- was waking up Eli Goldstein and the rest of junior hill before heading to coffee club with elozor, and from there he would go take a massive tan by the pool without swimming at all, and then strutting around camp giving Savage stare downs thinking he owns camp (wink) #LovesBunkPictures #Chaveirim

Tzvi Tress- was banging a broomstick in the bunkhouse while growling at everyone, playing shortstop (and third base) while enjoying his ABBL and league teams #NoTrades, and was failing to spit water through his teeth and attempting to get a +5 #AvromySchron #Spongebob #Shwekey #IshakisOyYoYoYo

C YEHUDA LOWENTHAL | JC YITZY WALDMAN

BREAD, BREAD, PEANUT BUTTER, PEANUT BUTTER, JELLY, JELLY, JELLY, JELLY, MARSHMALLOW FLUFF

C- Yehuda Lowenthal- LOVES ABBL. Oar general (let's go red!), hey you're wet, watch yourself, did EVERYTHING on the Boston trip, can't think of anything else to write because he's been writing articles for a week straight
JC- Yitzy Waldman- Thanks for being an awesome JC! You're blocking you're blocking they can't see behind you. Dresses like a baal haboss ;). Any Nets news??? 5 minutes later: Any Nets news??? Got your own whistle and coached the all star game! Yitzy, I still can't believe you're my JC 6th grade doesn't feel like that long ago. Thanks for everything!!

Shragi Blumenkrantz- Really wants to be traded in ABBL. Shragi, you know I'm not trading you so sorry but stop asking. Certainly knows how to be very quiet at night. Will never lose your Shabbos shoes or suit pants. I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Edison!

Yehuda Breskin- First of all sorry about the ABBL trade, I hope you forgive me. Secondly, I think you're quite capable of being hyper at night without a whole thing of sugar and redbull, so try to lay off those. Also it's not cool to show up at the meal with wine ("no it's really grape juice"). Not going to mention your favorite pen. Yehuda, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Darchei!

Moishy Epstein- Thanks for coming to join us in our bunk for second half. As well as Shragi (and many others) I know you wanted to be traded but you know that's not happening so... you get the idea. I hope you don't have too many more pillow fights, they could be dangerous. Moishy, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in the Mir!

Lippy Freund- What's up Lipeh? So lechoira al col panim it's shpitz, let's go vaiter. Lippy.... Where do I start? How about never drink redbull?! That's a good start. Al col panim it's shpitz that you have a dude perfect cap, also the same Mets cap as me. Ahhh I'm not really leaving the table, I'm coming right back. So lechoira who hit the home runs? Alonso?!?! Lippy I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Darchei!

Binyomin Hellman- So without checking I'm going to guess all your yearbook lines have something to do with singing, so being that I'm very original and creative I'm going to write about... singing. Why did you run away by supper that night? You would've had a nice solo. Ok good, got that out of the way. "No you really have to come to our chill ok, I have a chair for you. No really sit down we have to schmooze". Thanks for the 3:15 visit by the way. Binyomin, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Darchei!

Yisroel Hirschfeld- Yes the Yankees are winning (whenever you read this they probably will be) even though as you know, no one cares about the Yankees. I really appreciate you going to sleep on time as opposed to some other kids. Sorry your ABBL teams weren't that great hopefully your team can still turn it around second half. Yisroel, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Shaarei Chaim.

Menachem Jakobovits- Thanks for joining us for second half! Even though you're from Montreal and are a habs fan. Shaya, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Yeshiva Gedolah of Montreal!

Shmuel Ostreicher- Switches away from "the chill" but it's ok we managed without you. Come Shmuel let's go on a walk, "no but I can't miss the schmooze I'll just pull up a chair". By the way Shmuel you're wet. Also my cubicle isn't public property just in case someone thought it was, not you of course but someone. Shmuel, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Shaarei Chaim!

Simcha Resnick- "I was really up last night". Wakes up at 6 AM to do laundry. Am I

Motty Steinberg- Thanks for coming over to our bunk for second half. Also made the program without knowing it. Makes a siyum for the whole camp to eat fleishigs. Tell Eli he should've come over to the bunk with you. Motty, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Veretzky!

Tzvi Weil- Stoup, it's nout funny! Watch out for those daddy long legs on your towel. Thinks it's cool to stay up late and come to the shul at 3 o'clock. Can you take a picture? It'll take a second please? Watch out for the buzzing and don't say ouch too loud. Tzvi, I really enjoyed having you around thanks for being a part in making this an awesome summer! Have a lot of hatzlacha in Mesivta Reishis Chochma!

The U

What's up guyz and listen up rabbosai! Camp Agudah is known throughout the mountains as a well-oiled machine but many people don't know the secret to its success, the U. That's right! The 10th and 11th graders of Camp Agudah is what keeps the camp running. Now join me on a journey as I take you on a tour of a random day in Camp Agudah. The U has its own shachris minyan led by the mora da'asra of the U, Rabbi Heller. It is known as the quickest shachris in camp yet also the sincerest; there's a reason why R Karfoil davens there. The efficiency is due to our impeccable baalei tefillah M.D Ehrenberg and Ezra Klepfish, and our always reliable gabbaim Michoel Adler and the one and only Yosef Neiman. After shachris, our day camp counselors go to the day camp room and straight to work. What could I say, it is definitely the best day camp counselor lineup in the tristate area! If I were to list how many other day camps called me asking me for our staff, the list would be endless. Led by the (day) mashgiach Moish Krasnow with the help of Benny Wolf and Yitzchak Elnadav-superhero voice, (yes, apparently day camp needs like 7 different assistants besides having some bunks with 3 counselors) they are: Y.M Biberfeld, Sruli Blatt, Asher Buguyer, Avrahm Cywiak, Chaim Danzger, Chaim Edelstein, A.Y Eisen, ASF(#MishnayosClub) Moishy Fogel, Avi Galinsky, Elyakim "Getzel" Gelbard, Hillel Gold, Tuli "red sox" Goldshmidt (my day camper what nachas), Eli Goldshmidt, D.T Goodman, Y.M Greisman, A.D Gunsberg, Moishe Hamada (my guy), Naftali HoffMAN (underrated, also in my day camp bunk), Yehuda Itzkowitz, Ezra Klepfish, Meyer Lehrer, Mendy Leshkowitz (also a proud day camper of mine), Areh Lesser, Moshe Libersohn, Avi Lichtshein (not Lichtenstein!) Yehuda Mandel, Yakov Manela, M.D Manela, Avrahm Meirov, Mordechai "gveir" Minkoff, Binyomin Neiman, Yosef Neiman, Yaakov Newmark, Moishe Ostrovitsky, Tzvi Rosenshein, Yehuda Schlissel, Rueven Shindler, Yitzchok Shipper, Avrahm and Ezrial Silber, Yaakov Yarmark and A.Y Zoberman, who is probably waiting for the 10:30 shacris minyan in Satmar to start. After learning groups, I make my way to the main office where I am greeted by our face of the franchise our office boy in the morning Hanoch Wagschel, and Zevi Nordlicht in the afternoons. Hanoch has such patience as he explains to every person calling, I'm sorry this is not Camp Bnos please don't call again. I make my way up to the equipment shack to check in with our athletic directors Donny Freund, and Yehuda Miller. Guaranteed if anyone come up on a random day in the winter, you will see the dedication that Hudi and Donny have which is eating their sushi in the shack itself. Special shout out to the 1st half guy Bozi Friedman, I mean Shmuel Weiss, thanks a ton Shmuel! I make my way over to the computer room led by our very own Dani Mintz, who runs a tight ship and makes sure no one's fooling around with madden 2002 on ps1, (obviously that was a joke, we have almost brand new ps4's and almost the latest year games.) Walking out of the canteen I see Eli Ehrman running the arts and crafts. Moving on I pass by the woodworking station and glimpse in and see the man the myth the legend Lebron doing fine work but I don't go in because I have a fear of manual labor and am afraid they will put a hammer in my hand, btw, not only does he provide camp with his fine coffee, he does so many different things for camp like office, setting up and making sure the U bbq is at its best, office, amongst

many more things, he is Mr. reliable. Then I go around the bend and go into the game room run by Meir Terebello a proud torah vodaath bucher and fellow member of Rabbi Reismans shiur. Moving along I pass by Rabbi Feur's office and see Mordechai Hana popping popcorn, making slush, while giving out hot dogs on his fancy new hot dog roller. Thanks for all the popcorn and slushes. Hanna also known as Mr. Kiddush is not a person to cross and that is why he so respected we owe all him a lot of gratitude. At this point, I am ready for my suntan, so I head down to the pool. The lifeguards are the most chilled out people in camp and I always look forward to going down and chopping a schmooze with: our heads the Dasheff twins, Mordechai Herskovits, Aryeh Leib Septimus, Mordechai Baruch, Yaakov Berman, Eli Walfish, Moshe Schwartz, Shmuli Berger, Dovi Geizhals, Ahron Golding, Tzvi Kalisch, Melly Katz, Avi Mayferld, M.T Rothberg, and Shmaya Weiss. At this point, we are ready for lunch and I go into the GDR to see if they have anything different then the main dining room for lunch and to watch Yehuda Leib Oppenheimer always treat everyone with a smile. After lunch I go to check on our boys by the ropes. People might think this is an easy job but they don't know what it means to spend your day 50 feet in the air and the men who do just that are A.J Cohen (2 time camper of mine), Simcha David, and A.Y Davidson. Now I have saying what happens in archery stays and I don't usually go down there but sometimes I just have such a taavah to chill with Menachem Hartman. His easygoing manner is contagious. I check in with A.Y Husarsky to make sure he got wet by water hiking. It is now snack time and I go to eat snacks, that's all. I then go to the lobby where I see the men with the hardest job in camp period. Staff day camp I can't even imagine how you guys do it: Gershon Kiss, Moshe Leiberson and Refael Kashani. Big shout out to our rotators whose job is not for the faint of heart: Michael Adler, Menachem Bressler, Pinny Eisenberg, Pinny Gottesman, Shua Lax, Shmuly Lerner, and Yehuda Weiss. After that I get a call from Whiskey, first to chepper me that he doesn't have enough helpers, then finally to compliment me on his bike staff for another day of good work making sure Nossi Finkelstein, "Dani Hershkowitz" and Yechiel Weichbrod. After that I "WHATS UP GUYS" the hotline to announce what time mincha is even though it's the same time every day, then everyone still calls me to find out what time mincha is. Thanks to Azi for calling me Boss, also, for helping me out 2nd half with everything I needed, especially with your great nigh mashgichus, shkoyach for giving vaadim for the buchrin. Thanks to Chaim Zwick for keeping Azi and I occupied at night on our radios. Now, what is the reason you may ask that everyone is so committed to their job if you think about it, it doesn't make sense so many moving parts and not one hitch. Of course, it all starts from the top with Rabbi Weinreb who sets the tone and keeps everyone (and me especially) in check, with his easy nature never letting anyone or anything rattle him. I never saw someone so calm under pressure. But the answer is that we found a perfect balance, for many years there was no U just a random JS's with no brotherhood at all. Then there are other camps that treat the 10th and 11th graders as campers at that doesn't work either because you are just too old so it's awkward. The U is so successful because there are jobs at day major programs/chills/sick times at nights. The heartbeat of our success is our nightlife, here we go: ShopRite, Walmart, Liberty Heights, Rabbi Heller's Thursday night BBQ/ baseball game (Rabbi Kleinman pitching), Melava Malka with the best soup in the country, sweeping Intercamp vs Darchei, playing vs Rayim, Novominsk and Ruach Chaim,

watching staff team in Romimu and Tashbar, Punchball Tournament, Dougie's, private night swim with sushi poolside, Kalahari hot tub, six flags carrousel, PS4 tournaments, breakfast in the park, rollerblading, 2 on 2 VB tournaments (after long review, Danzger and Lehrer cheated so Azi and I actually won), grilling corn and s'mores, Shmueli and Daskel making the U, Hannah's popcorn, r Weinreb's Bar Mitzvah (with Dougie's) Shabbos davening (#Calerbach), Dougie's again, owning color war, ruckus concert night, fresh U shirts ok fine I'll call myself out on it #T4. The fresh sweatshirts thanks A.L Septimus for the sweatshirts. There's so much going on in the U and around camp every single night and day that it's impossible to get everything in, yet we still got in The New Amazing League **UBA** with Playoff bracket/tournament, which was supposed to be a 5 game league with a playoff bracket, (that's why there was no more games each half.) Special shout out to all the amazing 1st half guys, sorry but I'm not going to mention each one individually because I'm too busy doing things and stuff the whole day. But we missed all you guys very much 2nd half.

We did so much and one thing we learned if we are together and everyone is all in, nothing bad could ever happen. I love each and every one-off you and remember everyone who was a part of the U 2019 will always be connected forever. Thank you!!

ALL CITY IN GENERAL

Wow! What a neighborhood day!! Even though we came in 4th place we still clearly showed that All City IS the place to be, and everyone else should be watching their backs in neighborhood days to come.

And now I would like to thank those who made it possible for me to have such a great time. I would like to express great appreciation to Hakodosh Baruch Hu for everything he does for me every single day.

I would now like to thank the head staff, Rabbi Karfiol, Rabbi Neiman and Reb Elya for giving me this opportunity (thank you Rabbi Neiman for also inhaling that helium) . Thanks to my great friends and generals the great DOniel Petachia Dani Saidov, he who owns camp Shimon Isaac and our lovable Kutsilini Kuti Shipper for being awesome and for actually coming both halves. Greatly appreciated.

Thanks to my rocking lieutenant general eliyahu metts for all the work you put in to everything for the ninth grade. There's no doubt in my mind that it would have been the same if it were someone else. Thank you to Chesky Green! Chesky Green! Chesky Green! for writing and leading the cheer song. I think I can speak for everyone when I say it was a blast watching you up there. Thank you to Mordechai Frischman for helping out with the song and literally anything else I needed from staff volleyball to reffing a game. You were a great help. Thanks to all the staff members who took games during activities. I know how hard it can be to ref and you guys really came through for me. And of course thanks to the talented Aaron Hertzberg, Efraim Levin and Akiva Sharf(love you bro, and thanks for that time in shop rite for the balloons, was better with you there) for writing the skit. You guys are hysterical. Thanks to all the other guys that acted alongside them. And thanks to anyone else that I may have missed. You guys are awesome.

FLATBUSH IN GENERAL

First and foremost I would like to thank Hakadosh Baruch Hu, for All He does for me and for giving me all I have, Modim Anachnu Loch...

Thank you to the incredible Headstaff of Camp Agudah for ALL that you do, not just for me, but for the thousands and thousands of kids that come through these grounds. Words cant even come close to describe how much koiach each and everyone of You put in to this great camp, and for the some of us that see just a fraction of how hard You all work, its awesome in all aspects of the word.

Now for our featured presentation: Congrats to the team of Flatbush for coming in second place?!?! What?? How?? That's literally impossible. But I know how it was achieved. It was achieved with grit, determination, perseverance and pizzazz. Yeah that's right, this team was dripping with swagger. We had all the tools to do well, and second aint bad at all. Quick shout out to all those who look forward to neighborhood day the whole year #Mo #Rafi. Also, it's really cool that whatever I'm writing is going to end up in the yearbook, Rabbi Karfiol willing, so I'm just going to take a second to soak in this moment... Okay, I'm ready to get down to the real reason most people read this article; the compliments I have for Chaim Moshe Zucker. I could not have asked for a better, more devoted marshall then Zucker. I appreciate all the pump you brought to the team and thanks so much for putting together the 8th and 9th grade volley ball, which we won btw (shout out to all those involved). Also would like to give massive amounts of praise to the one and only BUZZ BUZZ, looking at the list of staff members on your team and seeing the name Dovi Finkelstein is such a good feeling. You're such a good friend, words can't describe how lucky I am to know you and get to work with you. You are extremely supportive and you played a huge role in our teams success. While were praising great friends and talented actors id be remissed not to mention Moshe Akiva Berger (also a Cohen). What did I do to be zoche to work with you for 3 skits, 1 pantomime and 2 fantastic plays, I have no idea, but I enjoyed every.single.second. It's so cool to hear the sentence "No way you guys have Dani and Mo???" The 2 of you are so talented BH, it literally amazes me. My next slew of compliments are going to be directed to the hard working Akiva Besser, Ari Kaufman and Yehuda Lowenthal. Guys the song was phenomenal, especially considering that you started writing it at 3:30 AM. Akiva you were a tremendous leader and every song you write is better than the next. Don't stop till you hit the top! Ari, a lifetime of friendship has taught me how extremely talented you are and how incredible you are as a person. Your continues efforts to improve your already flawless character is amazing and should be an example for all of us. I hope you get your opportunity soon, because I know you'll be amazing. My next, and nowhere near final, shower of compliments are for Aron, Yehuda and Yaakov Lowenthal. Aron for the constant support and for the cake, and Yehuda and Yaakov for taking the handoff and driving it all the way down field. VAGUE FOOTBALL REFERENCE ALERT. But seriously, it was huge for me to be able to just give you guys the daunting task of getting counselors to ref games, but you guys did an amazing job. Shragee Gutman! Great job on stage, you make a fantastic morah! Also thanks so much for putting together the 6th grade team. Shout out to Shuie Bergman and Moshe Kanner for putting together the 4th and 5th grade team, I know you guys would rather chill on the Jr Lodge porch, so I appreciate it. A HUGE thank you to Yehuda Goldschmidt for assembling a MEAN volley ball team. We for sure had the longest volleys, shame that doesn't win the game, but it was still cool. Thanks to our beastly front line of Yehuda, Dovi Finkelstien and Aaron Fox followed by Alti Hoffman, Shragee Gutman, Moshe Pearl (who laid out to save a ball more than once), Akive Besser and our fantastic backup center Moshe Jordan. Moish you played great and it was awesome having you in my co bunk. BIG yasher koach to Aryeh Scheff for not just putting together the 9th grade tournament, but also for winning it for Flatbush (I'm honestly not sure if the two are tuli zeh bzeh but no matter). Meir Laniado I just wanted to publicly thank you for a very inspiring speech. Yitzchok Frischmen and Chaim Zanvil thanks so much for putting together the 7th grade team, who I'm not entirely sure what they played, but I do know they won. Zanvil I would also like to thank you for your all around support throughout the whole day and for getting chased by Daniel during team time. To the AWESOME 9th grade namely: Lebo, Ruzzo, Moshe Yehuda, Binyomin, Avi (BROOKLYN), Pink Bergmen, thank you guys so much for rocking up team time and the actual song, would not have been the same without you guys. Would like to take a moment to thank Miguel Rabinowitz. Mike, you are such a tremendous chavrusah and an even better friend, I try never to take that for granted. My own personal Magid Ruchnee. Once were on the topic of chavrusahs, I need to give a HUGE thank you to one my closest friends, Ashi Sharf. Ash I could not thank you enough for taking care of me this year, I could not have asked for a better time. Same to you Rafi, you took me in and made me feel comfortable from the first day, we created memories I will never forget #SharpLines #MoveOverImComingIn. And now for my fellow Generals who also happen to be bestest of friends: Ashi, Ashi!! Sharf, Kutzy "phenomenal" Shipper and Shimon "The Winner" Issac. I had a blast guys. Im so happy we all got to do this together. Given that we are the only 4 that were here first half we are clearly the only ones who realize how just big of achrayus we have to ca.. Had to put those two periods there because I really want that sentence in the article. Tzvi Gold and Yossi Ackerman there's a motion picture that's a good tzu shtel to our relationship this summer. Avromy Rosenberg, one year were gonna get you in our division in camp. Avromy Schron, behave. To All My Great Friends in Camp, you know who you are, for every good time we spend together, in camp or out, you are all a MASSIVE part of my life and I thank Hashem every single day for our friendship. The support I get from every one of you in incredible and deeply appreciated. Shout out to Meir, Eyal and Menachem because, why not, I love you guys. To the best bunk ever created, Bunk Chof Daled, You guy literally made my summer what it was, one of the best summers of my life, so I wanted to thank you publicly for that, and For all those still reading this, you make me blush,

ORANGE IN GENERAL

Wow!!! It's with tears in my eyes that I find myself writing this article.

That was by far the most awesome and exciting OAR I have ever been a part of. It couldn't have been done without each and every staff member and camper who helped out, be it sports, skits, plays, songs, etc. I want to start by thanking the amazing headstaff for giving me the opportunity to be OAR general in the best camp ever. Special thank you to Rabbi Karfiol and Rabbi Neiman for being absolutely the best head counselors out there. Thanks for all of the guidance you give to campers and staff members alike throughout the summer. Neither of you get even to close to the amount of credit that is due to you for all that you do for Camp.

Thank you Reb Elya for being an awesome division head and for helping me out this summer. Thank you Rabbi Stern for everything you do for me. Whether it's for the basketball team (I could dribble with my left hand), the car or just being there for me whenever I just need someone to talk to you are always there. And now for my opponent-YEHUDA LOWENTHAL-I had a great time fighting against you and as Rabbi Neiman said when he announced the scores; we are all winners! So I guess it's really tied 1-1.

To my great Lieutenant General SRULY ZAFIR-thanks so much for all your help and all the pump and geshmakness (yes that's a word) that you provided.

YITZ KRASNOW-Izzy that was unbelievable! The songs were spectacular (as usual) as you lived up to the great expectations once again! It was great to be in Israel with you this year and I will definitely miss you next zman as I did this past one.

At this point I would like to express my huge thanks to MENACHEM BRESSLER. My dear brother NOSSI-I told you I'll get you a bed! Hope you enjoyed biking even though you never have a chance to eat. Shkoyach for being there on stage with me and doing a fabulous job. I had loads of fun acting next to you. SHIMON ISAAK-what fun it was to have you on the team. What's even better is to have you on the hill #ShimonOnTheHill. Oh! Wait...! Well at least it's good to still have u around. The hock you always shtell is great and much needed in camp. Can't wait to have you in Eretz Yisroel next year. AHRON FOX-Dude! Great job with sports. They were super close and you definitely made my job so much easier and simpler. Really couldn't have done it without you! CHANANIA YOM TOV LIPA SCHORR-It was great to spend time at that hafgana in Israel on shivtei yisroel but it was even better to spend time with you in camp. Thanks so much for taking a big load off my shoulders with the skits and plays and it was great to know I have someone I can trust to write while I was busy with my general duties. And of course you were great on stage as well.

YITZCHOK SOIBELMAN-I can't describe my happiness when you told me that you were coming to Camp Agudah this summer. It was awesome being cobunks first half and I had a blast. I'm missing you greatly second half and really wish you stayed ;(. Thanks for taking the Torah Bowl for the senior hill

and just being the great friend that you are. Hope you find your bashert soon ;). KUTIE SHIPPER-Great to have you in Israel and I love you Ohr Reuven guys. Good job taking care of Nossi first half and for all that you do. Was great to have you by the skits. Hope your body digested all that paint and milk and water and flour and some more paint by now. I wish you would have thrown up on stage. I'm sorry!

CHAIM DANZIGER- Thanks so much for all your help with the Torah Bowl. I understand how much of a difficult job it is to try to convince kids to memorize tons of Torah. Much appreciated.

ELI ENGEL- It was your first time writing all those speeches for a color war but who would have known. You acted like a total professional. Great job on running around getting stories and all the correct content and getting kids to speak. You were a great help!

YOSEF SOLTAN AND KANNER- Great job on the banner. Your skills were really stupendous it was a great help to have you on the team. AKIVA SCHARF- Thanks for all your help with the skits and plays. The gym floor still isn't clean from all the paint but I had a blast with you. And you acted out the perfect six year old in the play. Great job! SHRAGIE GUTMAN- Good stuff to have you on the team. You are always the actor I can really count on to be there when needed. Thank you TZVI GOLD for not taking the door and for sitting in the chair. DANI AND MO- great job on your skits and play. As always, it was really enjoyable to watch them all and Camp loved them. Shkoyach for being such great friends #KavodChasers. But who needs Kavod right? Thanks to LESSER AND SILBER for doing all the lights and props and all the miscellaneous that people tend to forget about. Thank you TREVOR for keeping Camp safe at nights and the whole year throughout. And for making sure no dougies gets snuck in in the wee hours of the morning. And last but not least-MOISH "BLUMIE" BLUMSTEIN!!!!!! What a great JC you were first half!! I thank hashem everyday that I had the opportunity to work with you and get to develop a great friendship with you. I missed you greatly second half but I still thanked hashem. #Twillory #TYH #Blumie. You are the best. Thanks for taking care of the bunk the whole summer especially during oar. And thank you everyone else on my team if I didn't mention you by name it's not because I forgot you but because Yonaton Monheit is breathing down my back waiting for me to be done. All your hard work was not forgotten I just don't have enough time to write it all out.

RED IN GENERAL

And the winner is the team of..... RED!!!! Wow! What an amazing OAR that was! I had so much fun throughout the 2 days and I'm sure everyone else did as well. There's a lot of thank you's to get to for all of the hard work that was put into this so let's get to it. Firstly, I would like to thank Hakadosh Baruch Hu for all he does for me and all of us. A special thank you to the head staff (especially R'Neiman, R'Karfoil and Reb Elya) for the opportunity, I really enjoyed it and appreciated it. Ari Scheff- first off, thanks for being such a great friend, it stinks how it ended up being this way, but Baruch Hashem everything was OK in the end. I really appreciate how truly happy you were for me. I'm so happy everything ended up working out 2nd half! You're the best! Shaul Chaim Kaufman- really enjoyed getting to work with you during OAR, you were a great Lt. General! Thanks for helping out with everything overall. Akiva Besser and Dovi Feigenbaum- thanks for being the best friends ever! Wish you guys could have been there for OAR but I know you were doing more important things in Yeshivah. BLUE IN GENERAL

And the streak continues with the blue team coming in first for the 38th time in the last 47 years. Good Morning, yes, I went to sleep last night. I never understood the point of staying up to write your in general right after the grand sing. So now that I got that out of the way. There are a lot of people to thank, but first must go to the campers of the blue team, you guys worked hard, showed up to activities, to races, and grand bechina and just pumped the whole time. I would love to write all of you a personal thank you, but that would take too long so please feel free to insert your name here _____. First I would like to thank **Rabbi Neiman** and **Rabbi Karfiol**, for giving me the opportunity it was a lot of fun and a dream come true. To **Reb Elya** thank you rebbi for listening when I begged you to get me color war and for that schmooze on the porch after color war, if rebbi forgot I won by 124. **Reb Freidman, Rabbi Septimus, Rabbi Landau, Rabbi Dabbah, and Rabbi Weinreb**, thank you all for being there every step of the way and keeping me pumped up so I can pump my team up. **Rabbi Avi Schillit**, Thank you for running around and doing everything to make camp great, the shirts came out amazing and the tux to. **Rabbi Margulos** I know I spelled your name wrong but I have no interest in getting up to find out the right way, thank you for letting me vent all 3 days. **Reb Moshe Krasnow** thank you for helping get day camp involved without them I couldn't have won. **Rabbi Slomo** thank you for trying to get the unhelpful to help I guess we now see that all members of the U are lazy, also who is the generals of 2025? Mind is racing, from last night's dream
Soon discovered, how real it was
For I never, fell asleep

LOW VIII) 4. Camp Agudat, how could it be
Making dreams, reality
Seems surreal, years have flown by
Ruach Country - TIME OF MY LIFE!!

HIGH I) 2.3 Could this really be the end, a dream come ~~to~~
Ruach Country, who ever knew
That a dream can become - reality
Yes tonight, it is so clear to see!

HIGH II) 2.3 Could this really be the end, the time has flown
Can not describe, how much I've grown
So instead simple words - must suffice
THANK YOU FOR THE TIME OF MY LIFE!!

GREEN IN GENERAL

With so many thoughts running through my mind at this incredibly late hour, I don't even know where to start. But of course, nothing is possible without Hakadosh Baruch Hu who has given me everything I need and beyond, so first and foremost is "Thank You Hashem"!

WOW! What a special and uplifting night it was. There are so many people to thank for making tonight, and this entire Color War, the most special 3 days of this most special summer. But I guess I got to start somewhere; I do have a newsletter to type up tomorrow...

The Head Staff: When you become older in camp you realize what Choshuve Mechanchim you're dealing with on a daily aspect. From all the Shmoozen late at night, to watching how you all conduct yourselves, I feel truly blessed to say I got to work for such amazing people the last 7 years. Thank you for the opportunity to shine the last 3 days, and all the years. Looking forward to dancing at Simchos for many years to come!

My parents, Shuey: Thank you for your unwavering support, and for staying here till the crazy late hour to watch your son/ brother. Hope I didn't disappoint!

Aryeh Zev: As you say (and I would never doubt your abnormal memory) you promised in 10th grade that you'd face and beat me in Color War one day; wow were you right! But this Color War was just a sidebar to what was an incredible winter Zman we spent together for the first time, the 12 summers we have known each other, and the beautiful friendship we have developed that will continue to grow for many years to come. I am privileged to call you a close friend. Thank you for making the last 3 days the most amazing days of our lives. We look great in tuxes!

Ari: Though you may have been in a different division this summer, and often times away, the friendship developed the last few years has only gotten more special each passing year and summer. Thank you for all your Chizuk and availability throughout the summer. You were very clutch in the tuxedo store!

Ahron: If you'd have told me years ago that when I'd be general you wouldn't be on my team, I'd be devastated. While I was devastated Sunday night when I saw the sheet and you weren't on my team, I didn't feel I was lacking anything, for you were constantly in my ear giving support and compliments over the last 3 days. And throughout the half, I could only imagine it wasn't easy not being with "the boys" in 9th, but you handled it like the true Mentch and Tzadik that you are. You are truly one of a kind!

CJ: What a pleasure it was this winter getting to expand on our already amazing relationship. Thank you for being such a true friend and such a real camp guy. May we be Zoche to dance this year (HI MRS. GELBERMAN)! And have you seen the blue knife?...

Akiva Besser and **Dovi Finkelstein:** Thank you for helping lead what was such a truly special and emotional evening. Hope you guys had fun up there! Too bad you didn't have a baton. A thank you as well to the lyricists on Blue, including Yehuda Lowenthal, Yisroel Rosenfeld, and Shimi Berger or a job well done!

And now, for the Green Team....

Mo: Going "above and beyond" would be an understatement to describe the Kochos you put into green. Only a true friend and professional like you could handle the heavy work presented to you with class and a constant smile. Be it the hilarious skit with Kawhii Leonard (thanks for letting me act!), the jaw-dropping play, or the comedy song we enjoyed, you are truly a special person and a pleasure to work with!

Mike: MIKE, MIKE MIKE MIKE, MIKE MIKE MIKE, MIKE MIKE MIKE! Your constant Chizuk and kind words in my ear the last 3 days did not go unnoticed. Thank you for your major role in skits and play. It was a pleasure having you join us in 9th grade, and a pleasure to spend a Zman with you in Yeshiva this year. SHOUTOUT BUNK BEIS!

Shimon Isaak: There are no words to describe just how special and loyal you are. You are a workhouse and a general's dream to have on a team, taking care of literally A-Z, especially the beautiful costumes. And more importantly, you are an incredibly close friend and I look forward to another year of non-stop phone calls.

Dani Saidov: You are such a supreme talent. What a cardinal you proved to be! Thank you for being such a great guy, and for being such an asset to our team. I hope the Nets make another trade with the Celtics and throw everything away :)

Avrumi Rosenberg: Amongst my favorite people in camp, I can always rely on you to find out who the Mets pulled out of Triple A for that night's game. Thank you for having such a great attitude towards everything, which was definitely needed to keep sanity as the sports scores were coming in... thank you for taking such an important role! No, I'm not arranging a staff baseball game tomorrow, sorry.

Shimon Schuster: Shimooooooooooooon! My "Mitzvah Man" came in extremely clutch throughout the 3 days. With speeches left and right, nothing seemed to faze you, as you delivered one by one with exceptional quality. On the speech's note, thank you as well to **Moshe Gordon** and **Ari Kaufman** for your contributions! And of course, thank you Shimon as well for taking Jr. sports!

Shragi Gutman: What a huge breakout performance! The dining room looked stunning tonight, and the credit is to you for taking a new job so graciously. And tonight's incredible theme song wouldn't be much of a song without a story, so thank you for introducing me to the beautiful idea!

Naftali Leshkowitz: I'm sorry the grand Bechina didn't work out in our favor, but you certainly did more than your part! I am truly amazed as to how simply and orderly you are in making sure everything is set up so smoothly. Thank you as well for your help throughout the summer in pictures for the newsletter.

Gershon Kiss and **Yaakov Mandel:** All your hard work payed off with beautiful results (minus the lack of drone footage)! Thank you for constantly "nagging" me to get it right, because it truly came out special and memorable. Great job!

Yitzchak Elnadav and **Moshe Kanner:** The banner was truly special. Thank you for all the hard work you put into it! Shout out to all those who drew murals as well (sorry, I don't have all the names, but yes Ruzo I know who you are so thank you).

Yehuda Goldschmidt: Thank you for taking the home run derby and running it flawlessly!

Nisson Katlowitz: Sorry the races couldn't be on the football field, maybe we would have better luck on softer grounds :) Thank you for taking care of the races!

Yossi Akerman: You did a great job holding up the signs by the skit, and you are truly the greatest. Thanks for always being there for me and the boys!

Mordechai Rubinstein: M.V.P! The Mesiras Nefesh going till 5:30 A.M last night to make sure we had those booklets was extraordinary. You have quite a future here in camp! Just remember who you started off with in 6th grade. Shoutout to Dovi Geizhals for reminding me he helped Ruby throughout the night. Thank you Dovi for your involvement as well in AFFL!

THANK YOU TO ALL COUNSELORS ON GREEN WHO STEPPED UP TO THE PLATE AND TOOK THEIR BUNK ACTIVITIES! Thank you to Shaul Chaim Kaufman for always trying his hardest to get out of it.

To all the costume helpers, thank you for the late hours and GREAT work; **Alti Hoffman, Chesky Green, Shaul Chaim, Mordechai Herskovits, Avrum Silber, Moshe Fogel, Levi Yitzchak Zafir, Aron Shaul Feigenbaum, Yitzchak Zoberman, Yitzy Waldman, Yehuda Itzkowitz, Eli Horowitz, Yakkov Tajerstein, Avraham Cywiak, Aron Golding, Tzvi Schon, Yisroel Meir Greisman!**

To my skit and play guys, thank you for helping; **Akiva Scharf, Rafi Lehrer, Ruby, Shargi Gutman, Ahron Fried, Avi Ishakis, Moshe Gluck, Yitz Shipper, Shloimie Freidman, Eli Oppenheim, Avraham Silber, Dovi Katz, Dovy Danzger, Chaim Zwick!**

To my balloon helpers, for getting the job done quickly and efficiently; **Ari Isaac, Simcha Resnick, Yaakov Grey, Chesky Tratner, A. Brochtfeld, Ari Pitterman, Kender Superman, Yosef Bressler, Chesky Junger, Shimi Kahn!**

Thank you to my soloists tonight, Eli Heineman and Biyomin Hellman! Keep using your beautiful talents!

As we near the end of my In-General, I want to truly apologize to those who put so much effort into making the green team such a well-run machine who I forget. I truly feel indebted to whoever helped make these the greatest 3 days ever, and I owe you all so much. THANK YOU, THANK YOU, THANK YOU!

Michael Adler: Thank you for joining us this summer! It was so special to have you back in camp!

Mordechai Frischman: Whenever you had to step up to the plate this summer, you came through with shining colors. It was so special to have you as my J.C. Your carefree and positive attitude was a major asset to making us have such an amazing bunk. These last 3 days, and all those times busy with football or the newsletter etc, I always knew the bunk was in good hands. You are AMAZING!

Bunk Lamed Zain: The "highest" bunk in camp, and certainly the best one as well. You guys throughout the half always made it such a pleasure to just simply Shmmoze with. Throughout Color War, your incredible support and encouragement really meant more to me than you could imagine. The after-party tonight was INSANE! HELLO! The party was truly "one in a million" (HI SENDER)! Thanks for making it such an incredible summer. Please keep in touch- I mean it!

9th grade: KEEP PUMPING. Love you all, and thanks for the awesome Ruach the last 3 days. If was a pleasure being your commissioner; all the love tonight will quickly turn to hatred when I put on my ref uniform tomorrow/ Friday, and I eagerly await that!

CAMPERS ON THE TEAM OF GREEN: Thank you for singing your hearts out, for hustling in the games, for learning the Grand Bechina, etc etc. I hope you enjoyed the last few days as much as I did. While only one team could win, and that had to be Scheff because he promised so 7 years ago, you guys still are winners!

And now to my last thank you...

RUACH COUNTRY: As you saw tonight in the Alma Mater, little Yitzchak entered a dream 13 years ago, August 2007, and went through the entire dream of 13 years in one night. Could this really be the end? Only Hashem knows the future; but if it is, I'd be remiss if I left without saying a proper goodbye and thank you.

You made me who I am today. My closest friends today are camp friends, for the memories we shared here can not be matched anywhere else. Tonight on stage, singing with my dear friends of my side, looking down at the overwhelming love I could feel radiating from the audience, then dancing afterwards with so many friends and my bunk, it all hit me at once; I am truly the luckiest person in the world. So much blessing can only be found right here in Camp Agudah, our home away from home. The summer is a time we get to truly shine and display our talents, and I owe everything to camp for giving me so many opportunities to do just that. If tonight was my final time leading a song, then it would be befitting that this Alma Mater would be the closer; it is everything how I feel about camp. So as I prepare to end an emotional roller coaster of a day and catch a bit of sleep, I want to say thank you to everyone involved in Ruach Country for giving me over the last 13 years THE TIME OF MY LIFE!

Signing off, with much love and appreciation,
GENERAL IZZY

RABBI LANDAU

The Chofetz Chaim Shiur

This summer, every afternoon Sunday thru Thursday, a great *kiddush Hashem* took place in Bais Raphael as some 60 senior campers and staff members attended a *shiur* in *Sefer Chofetz Chaim* during their free time. They didn’t just attend the *shiur*; during the *shiur* and especially after the *shiur*, they asked questions that showed how seriously they viewed *shemiras halashon* and how much they want to live according to the *halachos* that they learned.

Despite his very busy schedule, Rabbi Mordechai Karfiol made sure to attend the *shiur* every afternoon. At our first trip *siyum*, Rabbi Karfiol said that he felt the fact that so many *bachurim* attended the *shiur*, gave the entire camp a special *shemirah* because guarding our lips against forbidden speech gives us special power in *Shamayim* and special protection.

Around a week before camp ended a visiting parent told me, “My son attended the *shiur* last summer. At our Shabbos table, he makes sure (in a respectful way) that there should be no *lashon hara*.”

I want to express my personal thanks to every camper and staff member who attended the *shiur* this summer. Camp Agudah is fortunate to have such wonderful *bachurim*.

I take this opportunity to wish every member of Camp Agudah a *kesivah vachasimah tovah*. Every staff member and camper, each in his own way, helped to make this summer so special in so many ways. May you have a year of great *hatzlachah* and growth in your *avodas Hashem*.

ABBL ARTICLE

Hey everyone its chaim here from CA Sports reporting live from Camp Agudah. Rumor has it that it's been a great season in the ABBL thus far, let's see if we can catch up with Commissioner Yehuda Lowenthal for a quick interview. I think I see him over there, Yehuda, can we get a word?

“ Oh, I'm so sorry, I was just busy making the schedule, doing trades, getting refs and clock guys for the gym and gymzebo, finding out if there is ABBL for night activity, making sure the balls and scoreboards get back to my bunkhouse.....” half hour later: Yehuda: ok, I'm ready for your interview. Reporter: hock going around is that ABBL has been great this season is that true? YL: yes, its been a very exciting season of ABBL. We've had many great games that came down to the wire as well as many overtimes, double overtimes and even triple overtime games! Reporter: wow that sounds amazing! Are there any players who stood out to you throughout the season? YL: well, every player in the ABBL contributes to their teams successes, but yes there were some players who went above and beyond. First half MVP, Yaakov Tajerstein dominated the court for his team, unfortunately we missed him 2nd half due to injury. Second half MVP Shimon Greenspan was also all over the court. There were many other great players this season as well. Reporter: so who are the guys privileged to get to ref the games? YL: we have a great staff here and we have a schedule of guys rotating days to ref games. First half we had D.Saidov, A.Sharf, M.Lehrer, K.Shiper, N.Finkelstein, C.Schorr, Y.Rosenfeld, D.Finkelstein, M.Blumstein, Y.Soiblmán, M.Pearl, S.Issac and Y.Areyeh. a great group of refs. Second half we lost some guys but were joined by a new group with M.Gordon, E.Eisenstein, Y.Merzel, E.Goldstein, L.Y.Zafir, P.Freid, M.Rubiunstein, and Y.Waldman. We also had Y.Hamada, C.Green, Y.Levinson, E.Engle, A.S.Feigenbaum, and M.Kaufman. Overall it was a great staff to work with and really helpful. Reporter: sounds like it was really a great season in the ABBL, thanks for your time. YL: it sure was, my pleasure.

Alright guys, I hoped you enjoyed that back and forth, now there are big thank you's I must get to. First of all, major thank you to shimon issac for being my right hand man and being a huge help with everything. Thanks for taking over when I was off. Another major thank you goes to Doni Saidov. You really took a huge load off me by taking the injury replacement job. I know it was a hard job I wanted to give up at the end but thanks for staying strong. I really appreciate your efforts! Thanks! I would also like to give a huge thanks to Ari Scheff for all of his hard work helping making the schedules or with the awards or with the playoff schedule. You really helped us, huge thanks! Ashi Sharf and Kuti Shipper thanks for helping make the teams and trades (goes for Shimon and Doni as well). Appreciate the help and Kuti, thanks for stepping up to ref if someone wasn't available. Big thank you to Shmuli Lerner for basically running the gymzebo second half. It really was a huge help knowing it was taken care of every day. Thank you so much! Thanks for everyone else who refed and did clock as I mentioned before, it was great to work with everyone. To all campers/players of the ABBL, weather you liked to put in your input or not I truly had a lot of fun getting to know you guys and tried to do what I can to please everyone. it really was a great summer in the ABBL with a championship game that came down to the wire first half (this article was written before the 2nd half playoffs) it was a lot of fun. So once again thanks to everyone who made this ABBL season what it was, I really appreciate it!

Signing off,
Commissioner

How many cameras do I have? And how many shirts do you have? I change cameras every day just like you change shirts!

Who wants to look through the 'EVF' on the camera (viewfinder)? The screen is much cooler as it is bigger and doesn't shut off if your face isn't in it.

If I got a dollar for every time I was asked how much a camera costs (BTW I am not selling them) I would be able to buy another 2 cameras, so for all those interested I will be posting a pricelist for each piece of my gear on the

A DAY IN THE LIFE OF A ROTATOR

6:30 Wake up from my bunk. (How do they get up this early)

7:50 Wake up again. (Why are none of them by Shachris...they have been up for a hour already)

8:45 Finish Shachris, go back to sleep.

9:45 Wake up, again?!?

11:15 Start rotating.

12:30 Start turning.

1:15 Start lunch.

1:17 End lunch (now what I guess I could just start spinning again)

2:00 Start whirling.

3:30 Start revolving.

4:45 Start gyrating. (I have to keep things interesting somehow)

5:00 Finish rotating.

Now at this point you might ask what a rotator does exactly (Yes, in other words I do nothing and don't get paid for it). But really what I do is fill in for your Counselor/J.C. and basically do what he is supposed to do. (If your Counselor/J.C. does not do what he is suppose do please see Rabbi Karfiol or/and your Division head)

F.A.Q. #1. What do you usually do on an average day? Uh ... I usually rotate. So what does that mean? I usually rotate Bunks like yours. (Wait there are other bunks?)

F.A.Q. #2. What is with all the 9th graders rotating?

F.A.Q. #3.Huh? Yes I'm just as confused as you about this one.

F.A.Q. #4. Will you give us what our Counselor does? NO I will not give you Dougies and let you stay up till two in the morning I'm pretty sure your Counselor does not do that every night

By Avi Galinsky at the desk of Dougies – next to the hot poppers

Deep in the basement of the Main Building lies a Magician with enough tricks up his sleeves to entertain and occupy 204 kids at once, we call this program "Day Camp". You may not know it but in that room (sometimes known as the day camp room, day camp hub, former game room etc.) so much happens that it will be impossible to try to fit it into one article, but I'll do my best. It all starts with Rabbi Majeski, Rabbi Majeski is known for many things – being involved in kiruv and a rav stand out (oh, and Romimu Shabbos gadol), but he also has a knack for torturing counselors, just ask Dovi Geizhals and Sruli Blatt and they will tell you how pickle juice became a punishment for losing an OAR game. Ask Yaakov Newmark and Moishy Fogel (no Tuli, Italy!) and you'll hear about making matzoh on the counselor because their parents didn't know them as well as you would hope. Going back a year or two ask Yehuda Perlstein, Shua Lax, and Chesky Green. Oh, and how can I forget Chaim Halbertal's everlasting fued with Rabbi Majeski that may or may not have included Ketchup. Then there's the treatment of the kids, do we really need to have a bottle flip tournament on day one?? And if you give the entire team of Shavuos Dougies don't give them duckies (alright let's be honest, that was a legendary breakout). That being said Rabbi Majeski is also the most caring and thankful person I've ever had a chance to work with, and I am not just talking about Dougies and pizza. I truly can't explain how working with the day camp program has changed my life.

A tremendous yasher koach goes to R' Meir Margolous and R' Shlomo Fixler (will miss you) for keeping day camp afloat. Magic couldn't have been performed without your countless hours of hard work. Next up Mashgiach, Mashgiach, Mashgiach oy yoy oy... Mashbiem Yitz and Benny I love you guys but can you please let me into the office to get a hat? Oh, and Reuvein how can I forget.

THE LIFEGUARD ARTICLE

A Lifeguard. When you hear the term lifeguard, you probably think of someone who sits in a chair day in and day out, with a Red Cross tube and sunglasses watching over his area of the pool. Well, in Camp Agudah, lifeguards do a lot more than just sitting around. **Rabbi Pearl**- Will probably find him checking the chlorine level of the pool or answering “smart” questions; is the water wet? Do I need to retake the deep water test? Do I need a band? Do I need a buddy? Can I dive? Can I dunk my counselor? Can I go down the slide headfirst? Can I ride the old slide? Are there frogs I can catch? He will answer all of them the same way, with a warming smile. **Meir Green**- Will never be found diving into the pool, due to his fear of his toes getting caught. He will always answers the “smart” questions; are there sharks? Can I fish from my boat? Will I get wet? Of course, he answers with a BIG smile. **The Dasheff Twins**- You will find Eliyahu worrying about the type of music being played and teaching (together with Betzalel) the lifeguarding course to all of their little pupils. Betzalel will always be found handing out cups of water on his mini kickboard (barley balancing it). **Mordechai Baruch**- Will never be found talking to anyone while on the job. He is always willing to cover your zone for you. By every break, he will be doing laps. He also always chooses the shallow-zone. **Shmuli Berger**- Will always be found wearing a shirt. He will also be constantly pestering you about how good Daniel Jones is (based off of his debut in the Preseason). **Yaakov Berman**- He will always be found playing with his new pet Jerry, a garden snake whom he adopted. He will also always be wearing his famed cowboy hat (and don't forget his beautiful voice!!!). **Moshe Dov Ehrenberg**- Will never say no to any request. He is always on time and is an amazing sous chef. He is especially good at opening and closing a grill. He can also touch the floor of the pool and have a full hand above the top of the water. **Dovi Geizhals**- Will never give up the opportunity at giving a deep water test. He will always bring his music (except for that one day where his Mp3 was misplaced). After learning how to dive, will now always compete with Katz in dive-offs. He is also an amazing chef. **Ahron Golding**- Will never be found in the pool, due to his fear of getting wet. He will always pick the slide-zone. He will always be enforcing the rules and regulations. **Mordechai Herskovitz**- Will always be willing to pay someone (with seltzers) to be able to do sign-up sheet. He always want to know when the activity ends before it even starts. **Tzvi Kalisch**- Will always show off his penguin dive. He always warns people about snapping turtles in the lake. **Elimelech Katz**- Will always be found choosing sign-up sheet. He will always have dive-offs with Geizhals and then chill at the bottom of the pool. He also holds the record for the fastest swimmer (even faster than Eliyahu ☺). **Avi Mayerfeld**- Will always switch to a different song when Adama V'Shamayim starts. He will always be found hocking up Chasidish music and other random life facts. **Moshe Tzvi Rothberg**- Will always be found in the kiddie-zone. He will never come in a bathing suit, even to a POOLSIDE BBQ!!! He is an amazing marinater. He will always be hocking you up about how MBD is the best singer. **Aryeh Leib Septimus**- Will always be found in the pool giving lessons to imaginary campers (even though he claims to have one client). He will also be found creating new 'U' sweatshirts. He also sponsored the BBQ. (Oh wait, he just left. He will be back in TWO minutes). **Moishie Schwartz**- Will always be found working out. He can only dive with his feet spread apart. He claims to be a faster swimmer than Golding. **Eli Walfish**- Will always be found with an umbrella attached to his chair by the slide-zone. He will never give up the opportunity to sit in the elevated chair. He will never be found not wearing a cap. **Shmaya Weiss**- Will always find a way to be the lifeguard to give the deep water test. He will never be found not wearing his American Flag bathing suit. He will always lend out his sunglasses. The lifeguards would like to thank Rabbi Pearl, Meir Green, and the Dasheff Twins for all of their effort and hard work. They kept us safe, and our camp safer. Thanks so much for a great summer and can't wait to see you next year Camp Agudah, Ruach Country, Yerushalayim!

HAKARAS HATOV

I decided to take a poll and see how many people had manners, by saying please or thanks, good morning and good night. I had the best point of view because I experienced this in a pinnacle time; when everyone was hungry (you guessed it, I am a tray-line server). This is what I discovered.

The best excuses heard around camp:

For being late to lights out:

“Guys told me there’s no curfew tonight”

“I was scared of the skunks”

“ I was learning with a lifeguard”

“There was a lunar eclipse”

“What’s lights out?”

“I was trying to find out when color war is”

“I was working in the canteen”

“There was a long line at the staff showers”

For missing a meal:

“I was at the canteen”

“I wasn’t hungry”

“I thought they were optional”

For not doing cleanup:

“I don’t know how to use a broom”

“I thought it’s the counselor’s job”

“The Pollack stole our broom”

“We’ll bribe the inspector”

“My parents aren’t coming into the bunk anyway”

“I don’t like our broom”

“I never make my bed at home”

For coming late to davening:

“My counselor never woke me up”

“My father told me I can come late”

“Davening is too early”

“I went to sleep too late”

“I couldn’t find my sock”

“I’m still on city time”

For waking up at 3:00 in the morning to go to the canteen

“I was hungry”

“I thought it was trip day”

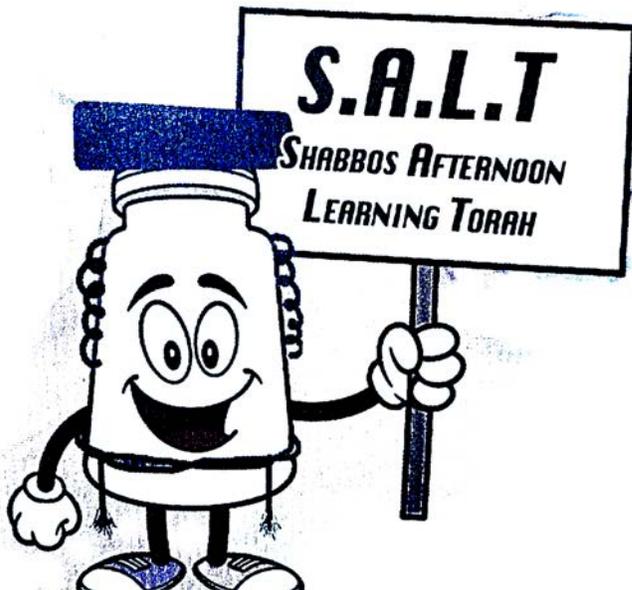

“I was sleep walking”

S.A.L.T תשעט

King size treats for King sized התמדה!!! This summer was certainly Camp Agudah's most Salty!!

Every week in the Masmidim BM there was literally no chairs to be found! Every seat was taken and some campers sat on the steps leading up to the bimah!! What a Kiddush Hashem!! Zillions for all learners 'SALT Free Ice Cream!' OG MELECH HABOSHON sized sodas and popcorn! And the list goes on and on!!

The salty Rebbe "REB MELECH" reminds you that every Shabbos needs S.A.L.T.!! And no matter where you are, you can make your shabbos a SALTY one!!!

IN THE SPIRIT

It's been a long summer, and editor Izzy Krasnow has been at the forefront of it all, getting the whole of it on paper.

Since its inception four years ago, "In The Spirit" has become an integral part of summer, solidifying each week. Following are the newsletters of this summer, thus presenting a virtual montage; a panoramic portrait of summer 2019.

#RC19! Welcome Back!

Welcome back to the Ruach Country weekly newsletter publication "In the Spirit"! For those readers that are new to the newsletter, it's very simple- you are getting a front row seat to *everything* Ruach Country related! To veteran readers of "In the Spirit", it's great to have you back! From the latest big events in camp, to the biggest staff games, to the sensational musical productions, and to everything in between, you will be 'in the know' of all the happenings in #RC19. I (your publisher, Izzy Krasnow) am looking forward to guiding you through it all for the next 8 weeks; So let's begin!

Running Camp Agudah is no simple task. It takes much coordination to keep the greatest camp in the world up to its lofty standards, as well as creativity and innovation to constantly improve. Before

we get into this week's happenings around camp, let's first take a quick look at *what's new* around camp!

Who said you *have* to be uncomfortable when going to camp? For the first time, there is now A.C IN EVERY BUNKHOUSE! Remember those days when there was trouble seeing the ball at night leagues?

Well not anymore- camp has made the big switch and now has *only* L.E.D LIGHTS! And of course, the highlight of the offseason, as designed and coordinated by 9th grade counselor Ari Scheff, the long-awaited for PATH TO THE SENIOR HILL SHOWERHOUSE!

Ok, enough "small talk"! Let's get down to more conventional "In the Spirit" content and take a look day by day of what happened this week in Ruach Country.

Tuesday: We counted down the months, weeks and days, and at long last we looked up at the calendar and saw July 2nd, which meant the wait was finally over- #RC19 was set to begin! As the Honda Oddyseys and Toyota Siennas streamed through the gates,

and the busses pulled in late as scheduled, there was that trademark Ruach Country smile on every camper and staff members face as they happily reunited with old friends and counselors, and quickly began forging relationships with new ones. Rabbi Neiman then called us to the Shul to remind us to keep a smile on our faces, and then we were treated to a delicious lunch in the dining room. Following lunch, the counselors began scouting the talent for *the* top leagues in the mountains, Camp Agudah Leagues, as all bunks took to the courts for sports activities. Then everyone headed to Mincha and to meet their new learning Rebbeim, and another scrumptious FLOUGIES supper accompanied by incredible pump and Ruach in the dining room! For the first night activity, the younger divisions had volleyball and basketball tournaments. The 8th grade held scrimmages on several courts to showcase talent for the biggest league yet in Camp Agudah history, the 150+ player ABBL league, and the 9th grade held the biannual AFFL combine for the very first time *outside* under the lights! CAMP WAS OFF TO AN AMAZING START!

Wednesday: Wow was it great to welcome in a day with the sounds of R' Elya's wake up once again! After Shacharis and learning, the sun shined bright as the pool was opened, and the courts were once again full of talented campers honing their skills for the upcoming leagues season. Activities continued the entire day, followed by the fan-favorite FLAMBURGERS for supper! The 8th and 9th graders were then treated to a Camp Agudah first; a

poolside barbeque! Music was blasted over the speaker and the "Chef Neiman Grill" was brought poolside as everyone enjoyed the water and danced away! Even R' Neiman got into the water! The 4th-7th grades enjoyed a Camp Agudah classic, a "steal the salami"-type game on the hockey court!

Thursday:

The sun shined once again as all grades used the courts once again to prepare for Friday's league opener. But this wasn't just the same day as yesterday- this was a *big* day of "openings"! Before lunch, the 8th graders headed to the Gymzebo where the ABBL SEASON GOT UNDERWAY! Campers received their beautiful ABBL color coded Yarmulkas and found out their new teams. How many teams you ask? How about 20 teams for the biggest division in camp! Thank you to all the counselors, led by commissioner Yehuda Lowenthal, who

worked well into the night to complete the teams and get the games off to a great start.

As everyone walked into the dining room, they were greeted by the raucous 9th graders who were PUMPED for their biannual AFFL DRAFT! On

by one onto the stage walked the 5 first round draft picks, as they posed with their beautiful *newly designed* AFFL T-shirts specially made for this summer! Thank you R' Schilit for creating the latest hit! In the afternoon, the ABBL tipped off and the AFFL kicked off their respective seasons.

Thursday night was the first BBQ grill out of the season. While in camp the hot dogs were placed on the grill and enjoyed by all the bunks at their respective BBQ locations, the Camp Agudah Staff Basketball Team headed out to begin their season on the road at Machaneh Oraysah (Darchei)! The team put up a tough battle, but ultimately came up on the short end by the final score of 37-31 . Meanwhile, back in camp the 8th

and ninth grade continued their ABBL and AFFL opening days (respectively) under the lights, while 4th-6th grades played glow in the dark dodgeball, and the 7th graders did "Sports Switch". Late Thursday night, the senior leaguers continued for the 3rd consecutive summer the famed Mishmar Matziv, a.k.a "M.M", as they listened to a shiur late into the night, enjoyed a bowl of Cholent, and then watched their grade's all-star representatives take on the counselors in an intense volleyball matchup!

We are off to an INREDIBLE start! Everyone is walking around with a smile on their face, super excited to be back in the greatest camp in the world. The sports have been tremendous, the Ruach in the dining room has been remarkable, the Tefillah has been beautiful, and overall it has been just an amazing first week here at #RC19. But we haven't even scratched the surface! Look out for next week's newsletter when things will start getting a lot more hectic...

The Shabbos Gadol this week is our very own R' Elimelech Belsky, Rosh Masmidim of camp. Looking forward to describing the Ruach of the first Shabbos in camp in next week's newsletter; a Shabbos in Ruach Country is truly like no other! HAVE AN AMAZING SHABBOS!

A Camp Agudah Week™

Wow, what a week it was in Ruach Country Camp

Agudah! It's what is called "A Camp Agudah Week", which basically means there is *a lot* going on all at once. Just a couple of pages in a newsletter

doesn't do justice to just how packed and Geshmak this week was, but here it goes...

Erev Shabbos Korach: Opening day of leagues 2019!

The hard-working counselors stayed up for late Thursday night Mishmar where they made teams to ensure the leagues got off to a successful start. As Shabbos grew closer, the usual Erev Shabbos Kugel Toameha once again took place on the Jr. Hill. But that was nothing compared to what followed; a new "Likras Shabbos" program that took the camp BY STORM! 25 minutes before Kabalos Shabbos, an optional Shnayim Mikrah Seder was arranged in the Shul, with every participant guaranteed their own two liter bottle of soda. While camp prepared some 300 or so bottles to be given out, they had to scramble to get more in time for the Seudah because OVER 500 BOTTLES WERE NEEDED! What a Kiddush Hashem it was to see everyone take part in such a beautiful new program!

Shabbos: There's Shabbos, and then there's Shabbos in Ruach Country. Anyone who's ever been here will tell you just how special it is, and the first Shabbos of the season was above and beyond! The Zemiros were absolutely incredible, especially by the Friday night Seuda. It doesn't hurt when every kid is guzzling down a two liter bottles of soda...

On Motzei Shabbos, leagues continued for the older divisions, while the ice cream truck came to camp to serve "SALT-FREE" ice cream to those who participated in the famed "Shabbos Afternoon Learning Torah" program! As everyone was getting into bed, a pajama pizza party was delivered to all bunks that the entire bunk participated in Likras Shabbos!

Sunday: Another beautiful day of sports in Ruach Country. After Mincha, 9th grade and staff remained in the Shul to hear Divrei Hespel and Zikaron on R' Dovid Trenk Zt"l given by R' Dovid Morgenstern, R' Shmuel Engelson, and R' Gershon Septimus. Everyone walked away very inspired from the event.

As everyone entered the dining room for supper, there was *that* feeling in the air; the feeling of *OPENING NIGHT BASKETBALL IN RUACH COUNTRY GARDENS!* The lights were shut, as the screen showed a “PUMP” video created by R’ Friedman for the CA Basketball Eagles and all their superstars! After Maariv, the gym started shaking as the Eagles prepared to take on Camp Mogen Av. The fans packed into the bleachers, the mascots took their positions, and the game was underway; a tight first half saw Mordechai Stern starring in his first Eagles

home action, as Agudah held a short lead at the half. But the Eagles went on a TEAR in the

3rd quarter, led by point guard Chaim Halbertal, as they extended the lead to double digits, and eventually held off a late 4th quarter Mogen Av push to get THE FIRST VICTORY OF THE SEASON 49-44!

Monday: Another beautiful day in camp began as usual, up until lunch when the schedule started shifting; IT WAS “MINI” TRIP DAY! Following early Mincha and learning groups, the busses were boarded, heading to a park in Pennsylvania that R’ Schilit discovered somehow,

where supper was served. Just a short drive away, for the very first time

in Camp Agudah history, all the buses pulled into the famed GREAT WOLF LODGE in the Poconos! For over 2 hours, camp had exclusive access to all the rides, including the “Toilet Bowl”, the water slides, and the Lazy River. Arriving back in camp after 1 A.M didn’t stop

the Heilige campers, as everyone headed to the Shul for Maariv, followed by some much needed sleep after a fun day on the road!

Tuesday: The late night once again wasn’t a factor, as everyone made it on time to Shacharis and enjoyed a regular day. For night activity, 4th-7th grades had “Zoom Zoom”, an entertaining picture recognition game, and 8th and 9th had night leagues. “The U” began their intercamp for the summer by playing 3 games in Camp Rayim!

Wednesday: This would be a good opportunity to introduce the latest program launched in camp, the “Nevarech” program. With an emphasis this summer on the power of Brachos, special cards are available for 3 different types of Brachos: Birchas Hashachar, Birchas Asher Yatzar, and food Brachos. Each time a Bracha is made out loud and answered with someone else’s Amen, a camper can write his name on a card, and use that card in weekly raffle for great prizes! By lunch on Wednesday, the raffle boxes were filled up with all the participants of the beautiful program, and 3 winners were selected for the first ever “Nevarech” prizes!

The 9th grade had a special intercamp after lunch vs. Camp Rayim!

By supper, you could once again feel that buzz in the dining room, which could only mean it was time once again for the CA Basketball Eagles to take the court! A special ceremony was made by supper, as camp inaugurated their new head coach- the one and only Rabbi Yitzh Stern! R’ Stern suffered a wrist injury in Sunday’s game (but of course played the rest of

the game through it) and is now the full-time coach of the team. He proudly signed the

napkin which had the precise details of the deal, including “A 1 year, \$5,000,000 deal, on condition he must return to the court when healthy”.

After Maariv, the fans piled into Ruach Country Gardens to see Agudah take on their “arch-rivals” Camp Romimu! It was a slow start for Agudah, as Romimu lit it up from 3 point range to take a huge halftime lead. An intense second half effort brought the Eagles back to within single digits, although it was just a bit too little, a bit too late, as Romimu took the victory 53-45. There’s always next game...

Thursday: Wow, was this a busy day in camp! It started off with the 4th-6th grade divisions having a very special theme day introduced right when they woke up- “Boot Camp Day”! the day was a whirlwind of vigorous

competitive training, as the campers trained for the marines in the pool with various competitions, and then in the afternoon did some army drills in the Gymzebo on an exciting obstacle course. Of course, no Camp Agudah theme day is complete without a R’ Schilit giveaway, as all campers received special Camp Agudah logo Army Caps!

A Camp Agudah staple, the Chaburah Chizuk Tefilah program, was successfully launched on Sunday, and on Thursday afternoon all the proud participants received a special treat by snack time- a Rita’s ices delivery!

By lunch, the “Dovi Saas Middos Athlete of The Week” winners were announced for the first week of camp. The award is given to one camper in each division who excels on the court in both athletic ability and Middos; see below for the winners of this week’s prestigious award.

After a BBQ supper, a whirlwind of night activities were happening all around camp! The younger divisions had night leagues, the 8th grade had ABBL, and the 9th grade had a

counselors and J.C’s home run derby, which was dominated by counselor Mo Berger! The 7th grade had a CRAZY brand new night activity called “Midnight Madness”! There were 4 football fields in use for almost 3 consecutive hours of non-stop intense tournament football. One of the games even went to 5 overtimes! After the tournament, the lucky 7th graders were treated to an incredible waffles and ice-cream party in the dining room, and awards and trophies were distributed for the tournament stars!

HOW ABOUT THAT FOR AN ACTION PACKED CAMP AGUDAH WEEK!!!

Mazel Tov to Rabbi and Mrs. Eliezer Feuer on the Aufruf of their son Yaakov this Shabbos right here in camp! The Chasuna will be Bisha’a Tova this week. We are fortunate to have as the Guest Gadol this Shabbos Harav Avrohom Chaim Feuer, Zaideh of the Chosson!

That was a fun week in Ruach Country! But it’s about to get *a lot* crazier! Make sure catch “In

the Spirit next week for all the action. HAVE AN AMAZING SHABBOS!

TRIP WEEK

I hope you're sitting down somewhere comfortable with Advil by your side, because what happened this week in Ruach Country may have your head spinning. Not only was it a *major* trip week, but there was so much more happening around camp! Sit tight and enjoy!

Erev Shabbos Chukas: Another beautiful day of sports in Ruach Country (yes there's been a lot of that so far this summer; remember when it rained for 8 weeks straight last summer?). For the second consecutive week, the new Likras Shabbos program was a smashing success, as just about the entire camp participated in the optional Shnayim Mikrah Erev Shabbos Seder. All the campers who greeted Shabbos early were once again handsomely rewarded, this time with a LOADED individual candy platter!

Shabbos Chukas: A special Camp Agudah Simcha highlighted the Shabbos as Yaakov Feuer (son of Rabbi and Mrs. Feuer) celebrated his Aufruf in camp, which means Harav Avrohom Chaim Feuer Shlita graced the Shul with his presence on Friday Night. The Zemiros that ensued shortly after were other-worldly, as the hit song "Nafshi" was belted out in unison!

The rest of Shabbos passed by beautifully, and on **Motzei Shabbos**, after a hard working clean-

up, the entire cap was treated to a special Melava Malka! The dining room was set up with a lavish Chef

Flam spread, and the stage was set with the Camp Agudah Band and star singer Yisroel Werdiger! Campers and staff danced the night away as can only be found by a Ruach Country musical event. And just when you thought the night was over, out came R' Schilit with a "delayed" annual summer give-away; but wow, was it worth the wait! He reached into his creative bag of tricks and pulled out stunning and deliciously cozy Ruach Country Logoed NECK PILLOWS! Right in time for the big trip,

which you'll see more about shortly...

Sunday: VISTING DAY! All of our wonderful parents who read this newsletter and send their children to the greatest camp in the mountains came to visit us! Thank you for coming!

As the campers returned to camp and the sun set, the baseball lights were turned on for the annual Staff vs. Head Staff Baseball showdown! Rabbi Karfoil kept to his tradition playing long-stop with his hat and jacket, and Chef Flam once again took the hill for the Head Staff team. The Menahel Shlita, R' Elya, babbled on the mike throughout the game, repeating the same jokes Mosey Kaplan made 5 years ago that weren't funny the first time. A tight back- and-

forth game had the counselors up 10-8 heading into the bottom of the last inning, where with 2 men on base, our head counselor Rabbi Neiman strolled up to the plate and BELTED one to deep right to send the Head staff to a shocking walk-off victory 11-10!

Monday: If Sunday was "Visiting Day" and Tuesday was "Trip Day", then Monday would have to be labeled "INTERCAMP DAY"! It started with the massive 8th grade having their intercamp both at home and on the road; *eleven* games in Camp Rayim and five games at home vs. Camp Munk! They won just about half the 16 games they played, which would have made the day a disappointment, if not for the

staff of Camp Agudah making up for them. The Staff Baseball Team, the #CABaseballEagles, went on the road to Camp Rayim and played a flawless defensive game and got a pair of 2-run homers from Dovi Geizhals and Mordechai

Frischman to defeat Rayim 5-3! And to cap off an exciting intercamp day, "The U" hosted Camp Oraysah for 3 games at night and SWEPT ALL 3!

By supper on Monday, R' Schilit's trip schedules, accompanied by the zip codes of each location of course, were distributed. The buzz could be felt throughout the dining room as another epic trip was just hours away! We switched to "trip time" and got some good sleep that night, because...

Tuesday was MAJOR TRIP DAY!!! Up bright and early, Shacharis was held at 7:20 followed by a special learning Seder, with Shiur delivered by the one and only R' Landau. After

breakfast and a quick return to the bunks to get ready, we boarded 17 coach busses (!) as the amazing trip was officially underway! The first stop was a Camp Agudah special- Sonny's Place! Camp had exclusive use of all the amenities, including the batting cages, arcades, bowling, mini golf, go karts, zip line, and more! Of course, no trip would be complete without the Chef Neiman grill for lunch.

After Sonny's place, we boarded the busses and

headed to the *big* part of the trip- the famed SIX

FLAGS NEW ENGLAND! For the first 2+ hours, we had access to the refreshing waterpark on

what was a very hot day. Everyone enjoyed the water, as well as the unlimited-refill soda deal. Before entering the amusement park for the “nightcap of the doubleheader”, everyone had a pastrami sandwich supper in the parking lot. Although many other groups were there, and they all also had pastrami sandwiches, our sandwiches were clearly superior. But shout-out to the Yeshiva Camps for sharing their hot potato kugel!

From 9:00 PM- 12:00 AM, everyone enjoyed the incredible amusement park. Whether it was riding the crazy roller coasters, refilling the

sodas yet again, watching Shimon Isaak spend all of his tip money trying to win stuffed animals, or watching R’ Majeski spend his lifetime savings on the 3 point shootout, there was something for everyone in the park! After a late night Maariv and danishes, the busses were boarded and headed back to camp after an AMAZING trip day. No major trip is complete without a Kiddush Hashem to cap it off, as the Shul was PACKED with sleepy campers who fought their way through and Davened a beautiful Shacharis at the crack of dawn. As the sun was rising, everyone headed to sleep with a smile after an epic trip day once again. THANK YOU R’ SCHILIT!

Wednesday: Camp Agudah struggles very much with the concept of “Lazy Day”- the action just never seems to stop! After an early afternoon wake-up and lunch, the place to be was the Gym and Gymzebo for CARNIVAL DAY 2019! For the first time this summer, we experienced a

real heavy “rain day”, but that didn’t stop the carnival from happening.

The fantastic booths, singing, food, and the all new *amazing* sports features kept everyone entertained for hours! The brand-new sports features included impressive batting cages, pitching radar, hockey shooting, and more. It was once again an amazing carnival day in Ruach Country!

For night activity, the 4th-6th grades had an indoor football tournament, the 7th grade had a dodgeball game, and the 8th grade had a basketball tournament. The 9th grade (did *not* have a tournament, but) had a very special surprise; starting this summer, the 9th grade began a very Choshuve program, a “Machsom L’fi”. Every morning during cleanup, the 9th grade has approximately 15 minutes of extra-careful watching of speech, and R’ Elya says a quick Halacha on Shmiras Halashon by inspection. As a reward for this important program, the entire 9th grade boarded the bus after Maariv and spent a night out in DOUGIES!

Thursday: Thursday night was the first mega-production play of the summer, produced by the one and only R’ Finkelman, entitled “Turnaround”! All ages laughed and

enjoyed the entertaining play, which was enhanced once again by the “Panim Chadashos” makeup artist!

ONLY IN CAMP AGUDAH CAN A “TRIP WEEK” HAVE SO MUCH MORE TO IT THAN JUST THE TRIP!

That was an action- packed and amazing week, but there’s still one more full week left to the first trip. Check back in with “In the Spirit” next week to hear all about it!

Our Shabbos Gadol in camp this week is R’ Leizer Ginsburg Shlia from Mir Flatbush. HAVE AN AMAZING AND RESTFUL SHABBOS!

Oar and More!

It was an incredible final full week of the first trip, highlighted by a beautiful Oar full of Achdus, Fun, and great competition! Let's take a look at all the latest from the past week in Ruach Country.

Friday: The heat wave could certainly be felt throughout the entire weekend, but that didn't stop the action across camp. The 8th grade kicked off their biannual ABBL All Star Weekend with the highly anticipated Dunk Contest! Regular leagues and activities were held across camp. Once again, the Lirkas Shabbos program continues to be a major success, as the entire camp greeted Shabbos early in the Shul. Camp was treated afterwards to Divrei Chizuk from R' Laizer Ginsurg to begin what was a beautiful **Shabbos** in Ruach Country!

Motzei Shabbos, the All Star weekend kicked into another gear, with the 8th grade ABBL holding a big night in the gym. First was the

skills competition, followed by the 3-point shootout, followed by the main event, the All Star Game itself. The gym was packed with fans of the amazing league!

Meanwhile, down in AFFL stadium, the biannual AFFL Pro Bowl took place, featuring the top AFFL players taking on the 9th grade staff. While some of the campers may have talked a *big* game beforehand, it was the counselors who came out and handed the remorseful players a 62-36 drubbing. A fun time was had by all (the counselors)!

The younger divisions had an ice cream party in the dining room for Melava Malka!

Sunday: Shiva Asur B'tamuz.

Sunday night after break-fast, a MAJOR surprise trip was announced to the all-new LIBERTY HEIGHTS TRAMPOLINE PARK! Opened band new for this summer next door to ShopRite in

Liberty, Liberty Heights proved to be an incredible place to jump around

after a fast and help digestion. The 7th, 8th, and 9th grades each had separate hour and a quarter shifts to enjoy the arcades, rock climbing, virtual reality, laser tag, trampolines, and dodgeball. What a fun late-night surprise it was!

The younger divisions had a night swim, as did #TheU (accompanied by a delicious poolside sushi party)!

Monday: It was one of “those days” where you could feel something up in the air. Everyone

stumbled out of their bunkhouses on the way to Shacharis to see signs saying “DID YOU

VOTE?”; the first ever Camp Agudah Election Day had begun! At breakfast, an “official” paper from the Agudas Yisroel offices, signed by R’ Zweibel, urged campers and staff on the importance of voting on this election day for the proper parties. The ballots were divided into Republican, Democratic, and Independent, with multiple counselors and 9th grade campers appearing on the ballot. By lunch, the Menahel Shlita, Harav Hagaon R’ Eliyahu Kaufman (The Kavodik title is based on angry letters to the editor after last week’s humiliation of the Menahel’s “babbling” at the baseball game), called up some of the candidates to show off their skills to secure the popular vote. Raphael Glazer and Akiva Sharf stole the show with an EPIC beatboxing display! R’ Karfoil still hasn’t

recovered from the performance. And Shimon Isaak wowed the crowd with a rousing rendition of Nafshi. After Bentching, the

voting stations were set up as the entire camp went up to cast their ballot!

At supper, the winners and the debate representatives from each party were announced, and it was announced that a major debate would be taking place at night activity! After Maariv, everyone returned to the dining

room where the stage was set for the big event.

The Menahel fired off questions about all sorts of things related to camp,

which were in turn answered by the debaters: Naftali Leshkowitz, Kuti Shipper, and Dani Saidov. At the end of the debate, a video was shown (and as per camp custom the sound on the video couldn’t be heard), and after the video came an announcement that sounded something like “A Civil War”. But upon further review, what was actually said was Civil OAR! OAR 2019 BREAKOUT!!!

An amazing first half in Camp Agudah is always highlighted by an exhilarating two days of competitive fun, known to all as OAR. R’ Neiman began OAR, as always, by reminding us that our color wars in camp are filled with Kedusha, and each team’s true purpose is to bring out a particular theme through their songs/ plays/ banners etc. The theme of the Red Team was Ne’arim, the purity and amazing power of Tinokos Shel Bais Rabban, and Orange’s theme was Zikainim, putting trust and following in the path of our elders. Everyone

was then dismissed to the gym to meet the generals! The general of Red was YEHUDA LOWENTHAL

and the general of Orange was DOVI FINKELSTEIN! The lieutenant for Red was Shaul Chaim Kaufman, and Sruly Zafir for Orange!

Tuesday: The rain held up and the courts dried just in time for a beautiful day 1 of OAR! The

older bunks took to the courts and fields for all the competitive action in the morning. A short team-time preparation for the rocking cheer

songs followed, and they were then sung by lunch. In the afternoon, the younger bunks were in action,

and the 10th and 11th grade annual staff volleyball game was held. A brief camper speech after Maariv in the Shul brought out the themes of each team. Then came one of the most anticipated night activities of the summer- SKIT NIGHT! "Scavenger" skits, which are skits based on a pun of a popular camp term, were performed by both teams, along with a silent pantomime skit. The gym was filled with laughter as the actors put on quite a show!

Wednesday: Another beautiful day for sports around camp, as well as the annual Torah Bowl. A preparation for the theme songs was held, and they were then sung beautifully by lunch. After lunch was the races. Now you're probably expecting a R' Schilit "You will be dis-qualified" reference here, but I am not going to do one because it's extremely burnt out. Ironically, I actually just referenced it; oh well.

After supper and Night Seder, the stage was set in the gym for a major play doubleheader by both teams. Red went first, as they nailed in the idea of the power of Tefillas Tinokos Shel Beis Rabban. The play featured the return of

everyone's favorite character from two summers ago- EFRAIM ZUNDEL!

Between plays was Maariv and the banner presentation, where the themes were one again explained thoroughly alongside a stunning depiction of

each team's theme. (See the collage at the end of the newsletter). The gym was then filled up once again for the Orange play, which showed the importance of listening to advice from one's Rebbeim/leaders.

After a fun-filled two days here in Ruach Country, it was time for the scores. R' Neiman reminded us we are all winners, but yes, one team had to have more points, and that team was the team of RED!!! Mazel Tov to General Yehuda Lowenthal and family!

After the scores, the staff headed down to the GDR for the traditional feast. Now while this is usually not noteworthy, for it's usually the pastrami sandwiches, this time R' Neiman made a MAJOR move to reward his hard-working counselors! A lavish spread of pulled beef and plentiful toppings were pounced upon by the counselors who were extremely grateful for the pleasant surprise!

Thursday: After a break from league action during OAR, the league season ended with Thursday morning's action. At lunch, the Nevarech raffle was held (an electric scooter was the grand prize of the half), as well as the Dovi Sass Middos Athlete of the Week award winners (see below). After lunch, the AFFL closed out its regular season and the ABBL began its playoffs. For night activity, the senior division began their league playoffs. Chaburah Chizuk Tefillah members received their weekly prize after Maariv, which to close out the half with a bang was the world famous Flougies!

The #CABaseballEagles were on the road Thursday night in Camp Romimu for a big matchup! While the Eagles played a great game, they ultimately came up a just short in a 7-6 loss.

It has been a truly AMAZING first trip here in Ruach Country! The playoffs will continue through Sunday as we close out what has been a tremendous season of all leagues across camp. To those going home on Monday, thank you for joining us for an awesome 4 weeks. For those reading this newsletter that are joining us for second trip, it's only getting better here! Looking forward to beginning the new half with all the readers in next week's "In the Spirit"!

R' Hillel David is our Shabbos Gadol this week. GOOD SHABBOS!

Goodbye, and Welcome Back!

We may have switched over from the first trip to the second over the past week, but that didn't stop the pump and action here in the greatest camp in the world. Here's a peek inside Ruach Country at the midpoint of what has been an amazing summer so far!

the second over the past week, but that didn't stop the pump and action here in the greatest camp in the world. Here's a peek inside Ruach Country at

Erev Shabbos Pinchas: The end of a half in camp means playoff time across all divisions! Regular leagues, ABBL, and AFFL playoffs were in full swing. An intense day of action had everyone exhausted and looking forward to a restful and uplifting **Shabbos**, which it most certainly was! As "Toras Hashem Temimah" was sung Friday Night at Zemiros, the senior leaguers gave Kavod to the Menahel Shlita of TORAH TEMIMAH, R' Elya Kaufman (note a second consecutive "In the Spirit" in which the Menahel has been given proper Kavod), as a joyous and lively circle was formed around him throughout the song! The rest of Shabbos passed by in beautiful Ruach Country fashion.

Motzei Shabbos: Playoffs in all leagues continued. Of note was the AFFL semifinals games, where one game ended in triple overtime (!), and the other featured a 14-point comeback that was completed in the waning seconds of the game, setting up an exciting Super Bowl matchup!

After all the leagues, the Head Staff rewarded the hard-working counselors with a special end of the half Melava Malka pizza party to show their appreciation!

Sunday: Packing day is always a very bittersweet day in camp; while it is hard to leave, those that are leaving are also packing away the greatest 4 weeks they ever had and bringing them back home to remember throughout the year! While many spent the day packing, those fortunate to still be in leagues played the semifinals/ World Series games through the late morning and afternoon.

Sunday night supper was the "Mini banquet", featuring a delicious spread by the one and only Chef Flam! At the banquet, Best in Bunk, AFFL Awards, Mishnayos Prizes, and more were announced.

The highlight of the banquet every year is the premier of the first trip Memories video! Click this link to access the video -

<https://drive.google.com/file/d/1eKX0aGHLdqCjlfwZHziU-bAzJJ7Rsdw5/view?usp=sharing>

After Maariv, the 7th grade had their World Series (in the Gymzebo due to rain), and the 8th grade had an intense ABBL Final Four and championship game. Congrats to the winning team of Lime! Due to the rain, the much-hyped AFFL Super Bowl could not take place as scheduled. Which leads us into **Monday** morning,

when after a 5:30 AM wakeup, the 9th grade was out on the gridiron for a 7:00 AM kickoff! Despite the early hour, the team of Yellow came out and took care of business and soundly defeated Sapphire Blue to win the Super Bowl!

But after (regular) Shacharis, the reality of the last day of a trip set in, as it was time to say goodbye to many of those who joined us for first half. As duffels and suitcases were wheeled across camp, and hugs goodbye were exchanged, it was time to say farewell to what was truly an incredible first half here in camp. To those of you that have left us that are reading this newsletter, thank you for making it such an extraordinary and successful trip!

The busses pulled out, and the bungalow exodus began. For those that remained in camp, a special road trip was planned for night activity! The loyal CA Eagles Basketball fans accompanied the basketball team for a big game in Camp Mogen Av. A tight first half had the Eagles clinging to a 1 point lead, but ultimately Mogen Av flexed their muscles and pulled away in the second half. The game was in between halves and it really didn't count, so please don't spread the word! Moving on...

Tuesday: For those that had been waiting 11 months, this was the big day- THE START OF THE SECOND TRIP!

Excited veteran and rookie campers bounded off the busses (and the Oddyseys/Siennas) to find their new bunks and begin the new half! R' Neiman gathered everyone into the Shul for the introduction, and then

everyone enjoyed a delicious lunch. After Mincha and a quick introduction to learning groups, it was supper time featuring Chef Flam's pulled beef! At supper you could feel that second half Ruach in full swing, as chanting and cheering could be heard loud and far across all divisions. Shout-out to 8th grader Yaakov Turkel, our star Chazzan from Shabbos morning, who belted out Carlebach Mimkomcha on the mike for our enjoyment!

For night activity, the younger divisions had volleyball tournaments, and the and 8th grade held respective basketball tournaments.

7th

The 9th grade had their biannual AFFL Combine, for the very first time in AFFL Stadium!

Wednesday: This was one of those dizzying days around camp; 3 different trips on MINI TRIP DAY! After early Mincha and learning, the U and the 7th, 8th, and 9th grades prepared to go on their own special trips. The 7th grade went to "High Exposure", a beautiful rock-climbing facility! The 8th grade went to Overlook Golf, a facility featuring golf driving range, mini golf, batting range, and go karts! The 9th grade went on a brand-new trip, to a beautiful turf sports complex in NJ called "Superdome Sports"! The dome was one MASSIVE turf

field divided into four parts by netting, and the four fields were converted by the hard working 9th grade staff

into football fields for a MEGA 9th grade AFFL Football Frenzy Tournament! The games were highly competitive, and everyone had a great time. Thanks again to R' Schilit for coordinating *all* the trips!

Back in camp, the 4th-6th graders had camp all to themselves and enjoyed a Sports Switch night activity. What about their trip? Why didn't they get one? Well, they just had to wait until **Thursday** for their turn to have a great time! In separate shifts, the younger divisions went after lunch to the new camp-favorite LIBERTY HEIGHTS Trampoline Park! As you saw in last week's newsletter when the older grades had their trip,

the brand new Liberty Heights is located in Liberty next to Shop-Rite (another camp-favorite trip). The facility features

trampolines, dodgeball, dunk hoops, arcades, laser tag, V.R, and more!

The 8th grade opened another exciting season of ABBL action by having the team release/ ABBL Yarmulka distribution in the Gymzebo before lunch!

Thursday lunch featured one of the highlights of the summer, the biannual AFFL DRAFT! Many new faces joined the 9th grade for the 2nd trip, and they were duly noted as many of the 10 draft picks of the 10 teams (the biggest AFFL ever) joined us for this half. Congrats to all the draftees!

In advance of Shkia of Rosh Choesh Av and the 9 days, the afternoon schedule was

moved up so there'd be time to "chap" in a Thursday night BBQ for all bunks. For night activity, the younger bunks had perhaps the most exciting night activity of the summer called "OTB"! OTB stands for Off Track Betting, which is a series of fun competitions between different staff members, in which the bunks all pick the winners beforehand. Competitions such as basketball shooting, watermelon racing, arm wrestling, and more highlighted the event! The 8th and 9th grades continued the opening of their new ABBL and AFFL seasons respectively.

THE TRIPS MAY HAVE CHANGED, BUT THE ACTION NEVER SEEMS TO STOP HERE IN RUACH COUNTRY! We are looking forward to amazing half here in camp, and we are glad you're a part of it with us.

Now this is the spot of the announcement of this week's Shabbos Gadol. This week though is no ordinary week, as a large contingent of camp has been eagerly awaiting the arrival of this week's guest Gadol- for the very first time in camp, R' Yaakov Bender from Yeshivas Darchei Torah joins us! GOOD SHABBOS TO ALL!

ACTION. PACKED. WEEK!

What a week it was here in Ruach Country Camp Agudah! The leagues and activities were awesome. At the same time, one could not ignore the 9 days throughout the week, and here in camp a special effort was made to bring out the proper emotions and Hergesh for the

time of year. All of it mixed together blended into what was truly a special week here in Ruach Country!

Erev Shabbos Matos-Masei: The younger divisions began their league seasons, while the older grades had their ABBL and AFFL games. In the afternoon, many campers headed down to the gym to watch a special basketball team tryout/scrimmage in Ruach Country Gardens featuring a lot of new and old talent! Returning stars, alongside some fresh new stars, hustled up and down the court to the delight of the loyal CA Basketball Eagles fans! So who "made the cut"? More on that in just a bit...

Shabbos: While the Shabbosim in camp first half were above and beyond, having so many returning campers and staff members join us for the first Shabbos of the second trip really took it to another level! The new campers were introduced to the Likras Shabbos program that has taken camp by storm this summer. As

expected, the dining room *rocked* as the beautiful Zemiros were sung in unison!

Throughout Shabbos, the Rosh Hayeshiva of Yeshivas Darchei Torah, R' Yaakov Bender Shlita, was with us and accessible to campers and staff of all ages. Many made the effort to introduce themselves and ask for Divrei Brocha. In trademark R' Bender fashion, he managed to figure out how he knew someone related to each person who came over! It was truly a Zechus to have R' Bender with us for Shabbos.

Motzei Shabbos, the older divisions began their league seasons. The ice cream truck came to unload its goodies onto the deserving campers who spent their Shabbos afternoon learning Torah!

Sunday: A beautiful sunny day in camp began as usual with leagues throughout all divisions. Around lunchtime, a special Mazel Tov made its way around camp, as R' Karfiol and his Rebbitzen's daughter became a Kallah to Shimmy Reidel. Mazel Tov!

At supper, as the calendar turned to Gimmel Av, we began to try to feel just a bit of the pain of the Churban Beis Hamikdash. For the first time, R' Neiman, in his traditional spot for a moving

Drasha, handed the mike off to a counselor to fill his place. The first counselor to speak was Aaron Herzberg, who spoke very movingly about how the tragedy of today's times is not knowing what it is that we are missing. A beautiful Im Eshkocheich was then sung together by the whole camp.

Changing gears, R' Elya took the mike for some *big* announcements! It was time to introduce the all new CA Basketball Eagles roster for the 2nd half! While some returning stars have joined us for this trip, it was the new faces that had

the crowd in a frenzy. Firstly, two 10th graders joined the team: Mordechai Rubinstein and Moshe Gordon! And the highlight of the night was the emergence of two *campers* from the 9th GRADE DIVISION (for the first time in forever!) that joined the team. The tandem was dubbed "Junior Combo" by the excited fanbase; Shmuli Lefton and Shlomo Zalman Weiner! The dining room was electric, excited to see the new-look Eagles take the court vs. Camp Rayim!

The gym was packed after Maariv, as from the opening tip to the final buzzer, the crowd loyally cheered on their stars. But unfortunately, only one team could win the game, and Rayim pulled away early and never looked back. But a fun time was had by all!

Monday: PAY DAY! After a hiatus of a few years, Pay Day has returned to Camp Agudah (for the younger divisions)! Throughout the day, *Tefachim and Amos* were distributed for attendance, cleanup, basketball shootout, wearing Tzitzis, etc. Tefachim and Amos? What happened to dollars and cents? Well the new currency in Camp Agudah for Pay Day was YARN, as the winner of Pay Day was determined by who could lay out the longest line of yarn across Junior Hill by night activity. Congrats to the winning bunk(s) (there was reported

controversy...)! Shout out to the bunk that came to lunch decked out in full Chabadsker gear!

By supper, once again there was beautiful 9 days inspiration, as counselor Meir Laniado spoke about how Golus, as well as everything that happens in our lives, is part of Hashem's plan, and Emunah means understanding that all is for the best.

And then, once again, R' Elya took the mike and began "babbling" about how Lakewood is the capital of the U.S and how the 5 Towns' houses are too large. You guessed it- NEIGHBORHOOD DAY BREAKOUT! The generals were: FLATBUSH-

Dani Saidov, OUT OF TOWN- Shimon Isaak, (the all new team of) NEW JERSEY- Kuti Shipper, and ALL CITY- Ashi Scharf! The younger divisions had their aforementioned yarn thingy (yes, "thingy" was just written in the newsletter), and the older divisions had night leagues.

While all the excitement was happening around camp, the CA Eagles were still bitterly

disappointed by the shellacking the night before at the hands of Camp Rayim. The Eagles headed on the road Monday Night, and laid the hammer down in a 59-35 victory over Camp Tashbar!

Tuesday: Neighborhood Day! The morning activity was Neighborhood Day sports games for all divisions, except for the 9th grade which had a special basketball tournament. After the games was a Cheer Song team time, where all the neighborhoods learnt their rocking cheer songs, which were then performed by lunch. After lunch, the younger divisions had “Kentucky Basketball”, a drill made famous here in camp by Coach R’ Yitzzy Stern. The 7th grade had a dodgeball tournament, and the 8th and 9th grade had a volleyball tournament. After those tournaments, the staff eagerly headed to the volleyball court for their annual Staff Volleyball game, where in the tightest and longest round-robin game ever, Out of Town narrowly defeated the competition!

As the calendar crept closer to Tisha Ba’av, the inspiration by supper continued. Zevi Goldschmidt spoke about the power of Vitur L’man Hashalom, and how it could be the final piece that brings the Geulah.

After Maariv was skit night! All 4 teams put on a skit in the Gymzebo. Ever wondered how R’ Neiman (acting for All City) inhaling a balloon

and speaking in helium voice sounds? Another highlight was Dani Saidov being a big baby. Pun intended.

And then it was time for the scores. An exciting day of action concluded, as a great time was had by all. AND THE WINNER WAS SHIMON ISAAK’S TEAM OF OUT OF TOWN!

Wednesday: Rain threatened throughout the morning, but held up just until lunch, in time to

get activities in. At lunch, rumors were swirling around the dining room that there were some HUMONGOUS basketball players that were arriving in camp! R’ Elya confirmed those rumors, and it was announced that the 8th and 9th graders would be having a professional basketball clinic, the Harlem Magic Makers, for afternoon activities in the Gym and Gymzebo! So how big were these guys? Let’s just say that the fellow nicknamed “Tiny” measured in at a whopping SEVEN FEET FIVE INCHES! His short friend on the other end of the court was just a measly 7”3. Along with a few other coaches, the drills took place on 4 hoops, consisting of a wide array of defensive, offensive, rebounding, and stretching drills. Everyone had an AMAZING time! Plenty of people had their picture taken next to the giants, as you will see in the collage.

For the 4th consecutive night, by supper we heard a counselor speak, as this time it was Dani Saidov. Dani spoke to us about how we have to also realize how much pain Hashem is in that we are in Golus, and understand how much He does to sustain us despite His suffering.

For night activity, the younger divisions had a game called “Strength, Skill, and Stamina”, and the 7th grade had night leagues. 8th and 9th grade had a fun night activity in Beis Rephoel, as R’ Elya and the counselors made up exciting competitions (which were rewarded with Mordechai Hanna’s trademark popcorn) on the spot. Some competitions included holding your breath the longest, consecutively naming related foods, naming a tune, etc.

Thursday: By lunch on Thursday, the prestigious Dovi Sass Middos Athlete of the Week Award was given out to campers who excel in Middos

and sports. See the end of the newsletter for this week's well-deserving winners! Also at lunch Thursday was the first Nevarech raffle of the half, a raffle for boys who said Brachos out loud with Kavanah and put their raffle tickets into the Brachos bin. Thank you to the new coordinator of the Nevarech campaign TZVI ELIYAHU GOLD for all his hard work! Also in the afternoon, the Chaburah Chizuk Tefillah program participants received their weekly prize- ices from Rita's!

To close out what was a very inspiring and successful series of counselor speeches, Mike Rabinowitz spoke about how the most recent Churban, the Holocaust and all of its heroes, can show us what it is in life we truly value.

R' Pearl made a Siyum by supper Leilu Nishmas his Father-in-law, Mr. Jack (Yaakov Zev) Fogel. All Siddurim in camp have been generously donated by his Mishpacha, and it was a special Zechus to have a Siyum here in camp on his Yartzheit. Of course, R' Pearl treated the *entire* camp to donuts!

On Thursday night, the entire camp, including campers, staff, Masmidim, families, and many guests came together in the gym for a special production, the annual Cantata. The Cantata of 5779 was entitled "Escape- The Imrei Emes of Ger", produced by our excellent playwright R' Shimon Finkelman. Accompanying every Cantata play is the professional choir by R' Yitzzy Bald, who produced 4 stunning new songs for

the event. There was also special video added to the production, courtesy of R' Shmaya and Y.Y Friedman. The crowd locked arm in arm in unison as the beautiful songs and production got everyone into the proper mindset before Tisha Ba'av, and appropriately ended what was a special week of 9 days inspiration here in camp.

What an ACTION. PACKED. WEEK it was here in Ruach Country!!!

It's only heating up though. Next week's newsletter will be even crazier IY'H! The guest Gadol this week is Harav Zevi Trenk, Menahel of Yeshivas Darchei Torah Mesivta. Have an AMAZING Shabbos!

A WHIRLWIND TRIP WEEK!

"Whirlwind" is quite the appropriate word to describe the *insane* week that was here in Ruach Country!

From an inspirational Shabbos Chazon and Tisha Ba'av to begin

the week, followed by a dizzying array of trips in middle of the week, there was just a bit (actually, a lot!) of everything going on here in camp. Come take a look!

Shabbos Devarim/Chazon: As the calendar read the 9th of Av, there was a heightened buzz to the Zemiros in the dining room throughout Shabbos. You could feel the incredible energy as everyone sang "Yibaneh Hamikdash at Friday night Zemiros! Also "starring" in Zemiros were two of R' Bald's new Cantata hit songs, Ashira La'Hashem and Tzadik. It was truly a beautiful Shabbos!

But as Shkia neared, the saddest day of the Jewish Calendar inevitably approached, as **Motzei Shabbos/ Sunday** was Tisha Ba'av. Rabbi Neiman delivered powerful Divrei Hisorirus in the dining room to get everyone in the proper Tisha Ba'av mindset, followed by Maariv and Eicha in the Shul. What followed then in camp was a sight never seen before in camp, as two special programs followed Eicha. The 8th grade and their counselors led an

incredible Kumzitz spanning the entire Junior Hill, where they were joined by many of the younger campers, as song by song everyone locked arms and joined in together. At the same time, the 9th grade held their own Kumzitz in the Guest Dining Room, in which the counselors and R' Elya spoke on a variety of topics, with songs mixed in between. Both events were Michazek all who attended, and a true Kiddush Hashem was made. Continuing the inspiration through the next morning in the Shul, Kinnus were delivered by many Rabbonim in camp: R' Pfeifer, R' Neiman, R' Septimus, R' Elya, and R' Finkelman. To complete the special day that was, a big Kumzitz formed outside the Shul, going straight into Maariv. It was truly a powerful Tisha Ba'av here in camp.

Sunday night, Shimon Isaak led a beautiful Maariv, the barbers were busy, and the pool was open for a NIGHT SWIM! Major shout out to "The U" who dazzled the crowd with an amazing night activity- punch ball on the baseball field!

Monday: What started out as a regular day in Camp Agudah (aside from "the grass is green and the sky is blue" / *inspectors day*) turned into one of the biggest and craziest surprise days ever! In middle of 4th activity, an announcement was made that there would be a special guest surprise arriving on the baseball

field. The confused crowd gathered in Home Run stadium, as suddenly the loud roar of helicopter propellers drowned out the crowd; a helicopter was landing on the other side of the baseball fence! Everyone pushed forward to see

who would be coming out of the helicopter, and low and behold out came the Camp Agudah fan-favorite singer SHMUELI UNGAR! He was escorted to a mini stage where with the help of a soundtrack, he

launched into 3 of his mega-hits; Emes, Bitchu, and Mach a Bracha! The crowd jumped and danced wildly in excitement to have Shmueli back in camp! And that wasn't even the best part of the surprise; Shmueli announced that next Thursday (8/22) he would be COMING TO CAMP FOR THE ANNUAL "MUSIC FOR THE SOUL CONCERT" ALONGSIDE THE GREAT SHLOIME DASKAL!!! Can't wait!

For night activity, the CA Basketball Eagles hosted Camp Tashbar in Ruach Country Gardens. While the game was close throughout, the Eagles pulled away late in the 4th quarter to win comfortably 50-38! On the road, the CA

Baseball Eagles went to Camp Rayim in search of their 2nd victory there

this summer. While it was a tight battle, with the game's only runs being scored in the 8th inning, Rayim squeaked by the Eagles by a final of 2-1.

But everyone on the baseball team hustled back to camp, because Monday night was quickly becoming **Tuesday**, which meant the busiest day of the entire summer; TRIP DAY! 4 different

trips over a 50+ hours span in camp! Hang on tight, let's get you through *all* the action!

Major Trip Day 2019 began at midnight Monday night, as the 9th grade pulled out of camp headed on their 30-hour BUFFALO/ NIAGARA TRIP! The trip was a non-stop-action from beginning to end! The first stop was the Young Israel in Rochester for early Shacharis. The second stop was Roseland Park Wakeboarding

at 7:30 AM for 2+ hours on the waterfront! Following that was the state-of-the-art

Laser Tag complex, Lasertron! A quick one-hour stop was made to jump around and get some energy out at trampoline park "Get Air Buffalo"! And then, of course, was the highlight of the 9th grade trip, the highly anticipated WHIRLPOOL JET boat ride, which left everyone soaked! Following Mincha and BBQ supper in some park in middle of nowhere, a brief stop was made at Niagara Falls to catch a glimpse of the beautiful night falls. To cap off an amazing day, everyone got to unwind with some fun gaming at Dave & Buster's! The bus then headed back to 140 Upper Ferndale Road with exhausted, yet highly satisfied, campers and staff alike! Shacharis and good night (morning) followed. What a trip it was!

The 8th grade had quite the action-packed trip as well with R' Neiman and R' Stern- BOSTON 2019! The day began with early Shacharis in the friendly confines of camp. The first stop was "IT" indoor ropes course, a highly complex and very exciting brand new facility featuring all sorts of ropes courses and zip lines. Then the busses were re-boarded for the next stop, the world famous Fenway Park, home of the 2018

World Series Champion Red Sox. Last year in this newsletter, I, the editor, commented how the campers were dismayed to see that the Yankees were many games behind the Red Sox in the A.L East on the left field scoreboard. Although that is not the case this year, as the Yankees are well ahead in the 2019 standings, at least the Yankee fans there got to enjoy the 2018 Red Sox *World Series Banner!* Everyone enjoyed the tour of one of the iconic sports

venues in the U.S. Following the tour, just a short drive away was the thrilling jet boat ride in the

Boston Harbor! Everyone got soaked with delicious Boston saltwater! After a BBQ supper somewhere in middle of nowhere (located in a different state than “in middle of nowhere, Buffalo”), the 8th grade also went to Dave & Buster’s (like “in middle of nowhere”, this D & B was also in a different state than the Buffalo trip)! A brief Kumzitz in the parking lot finished off a fantastic trip day! Home sweet home in the wee hours of the morning, everyone Davened Shacharis and got some much-needed sleep.

The longest lasting “specialty trip” in camp is the famed 7th grade NIAGARA TRIP led by R’ Septimus and R’ Landau! After early Shacharis in camp, the first stop was 5 hours later in Palm Island Water Park, an exciting indoor water park! The next stop was the one and only Niagara Falls for a full slate of sight-seeing,

including Prospect Point Lookout, Maid of the Mist, Bridal View Falls, and the highlight, the Cave of the

Winds. At Goat Island Park, there was Mincha

and a BBQ supper, accompanied by a R’ Yitzzy Bald Kumzitz. A quick visit to see the night falls followed, and then to cap off the trip was a visit to the aforementioned Get Air Buffalo. And as the other trips ended, the 7th grade headed back to home sweet home, Ruach Country, for Shacharis and sleep!

THREE. EPIC. TRIPS!

But what about everyone else? Wednesday was their big day! After an early lunch, a major trip began for all the younger divisions, day camp, and The U, featuring the world famous waterpark KALAHARI!

But of course, no camp

major trip is just one stop, as the younger divisions first headed to Blue Mountain Resort! The resort features ropes courses, bow and arrow, laser tag, rock climbing, and much more! Meanwhile, “The U” headed to the new Liberty Heights trampoline park. Everyone then joined together for the main part of the trip, the world’s greatest indoor water park, Kalahari! Be it the water slides, surfing, hot tubs, or free soda, there was something for everyone to enjoy! And you guessed it- the trip ended with an early Shacharis back in camp and some much-needed sleep!

Is your head spinning from all the details of these four UNREAL trips! Imagine being the one who put them all together. THANK YOU RABBI. AVI. SCHILIT!

Back in camp on Wednesday, a beautiful day had activities up and running for the late-rising older divisions. At supper, the new hit song in camp, a remix of “If you’re happy and you know it”, was ROCKING in the dining room, with everybody “clapping their hands”! 8th grade had night leagues, and 9th had AFFL. The 7th grade

had yet another amazing and creative BREAKOUT for OLYPICS 2019 after Maariv (ask you local 7th grader just how scared they were)! More on that in just a bit.

Thursday: A beautiful day in camp, with everyone (finally) back together!

7th grade Olympics was

the highlight of the day. Morning sports games, races, songs, basketball tournament, staff volleyball, and a nightcap of skits, made it an exciting day of competitive fun! Congrats to the winning team of blue!

After BBQ supper, night activity was a return to the stage by the head staff play production team, as they put on a thrilling musical entitled "Friends and Enemies"! The head staff had their "Panim Chadashos" makeup on, as they had the audience laughing throughout the evening. Thank you R' Finkelman for yet another stellar production!

After the play, by "MM"/ Mishmar Matziv, the 8th and 9th graders were Zoche to hear powerful Divrei Hisorirus from the world-renowned R' Zecharia Wallerstein. Everyone walked away "wowed"!

Very late Thursday night, the bus pulled out of the lot from camp with counselors and J.C's, headed to DOUGIES for staff appreciation night!

WHAT AN AMAZING WEEK IN CAMP AGUDAH!

An Unforgettable Week!

It's hard to believe that we're already at the final "In the Spirit" of the 2019 season, but it is certainly the most packed one yet! The

incredible 3 days of Achdus that was displayed during Color War, and the rocking Concert

from last night, made it a truly special week of singing, fun, and Ruach. Here's a taste of what went down the final week in Ruach Country...

Erev Shabbos Vaeschanan/ Nachamu: A beautiful day of activities in camp! After Mincha, the All Star games for both the ABBL and the AFFL took place. The ABBL All Star Game took place in the Gym, featuring the top talent from the 8th grade division. Down in AFFL Stadium, the first ever afternoon Pro Bowl took place, and it was the most well-played and intense

Pro Bowl in AFFL history! The counselors came back from 2 T.D.'s down to squeak out a 39-37 victory vs. the campers; a great time was had by all!

Shabbos in Ruach Country was once again beautiful and uplifting. Throughout Shabbos, many Torah-themed songs were sung, in advance of **Motzei Shabbos'** annual Chag

Hasiyum! 21 Misaymim of various Mesechtas/ Sidrei Mishnayos proudly graced the dais for the event, which

was catered by Chef Flam's all-new and delicious dairy cuisine! After the Siyumim, the

entire camp and Masmidim alike joined together for a lengthy Rekida, with music by the Camp Agudah Band and singer Chaim Blumenfeld! The music and dancing rocked late into what was a very special night!

Sunday: The morning schedule was altered just a bit, because it was "Junior Visiting Day" and AMUSEMENT DAY! After lunch, the junior hill was abuzz with visitors and humongous rides

and attractions! Everyone enjoyed the variety of rides and water slides, and

of course, the beloved selfie booth! After the parents and guests left, everyone Davened Mincha and had afternoon learning groups. Then, a special late afternoon "night" activity took place in the gym- a Staff vs. Head Staff Basketball game! The superstars from the regular staff team took on the slightly "over the hill" head staff members, and it was a sight to see! Chants such as "You can not stop Rabbi

(clap clap Karfoil", and "Avrohom Moshe off the bench" reigned down from the eager crowd

throughout the event. The new official Camp Agudah "hype" song, the "If you're happy and you know it" remix, proved to be a lively pregame and halftime show. As the game ensued, with the score remaining close throughout (due to R' Stern's one-handed dribbling prowess and R' Neiman's tenacious rebounding), R' Elya (who, yes, was BABBLING throughout the game on the mike) decided to give the staff team some Chizuk, as he stepped onto the court wearing his *blue* Camp Agudah

Yarmulka. R' Neiman, wearing a *green* Camp Agudah Yarmulka, took exception to R' Elya ditching the head staff team, and a verbal fight ensued at midcourt. To everyone's surprise (cough, cough), the war between the blue and green yarmulke wearers turned out to be a

prelude to 3 days of blue and green "war"- COLOR WAR 2019 BREAKOUT!

At supper, R' Neiman explained the themes for this year's color war. Every Mitzvah has two parts, and one part without the other is worthless; Machshava and Maisah, intent to properly fulfill the Mitzvah, and actually performing the action of the Mitzvah. The team of Blue was named Machshava, and Green was named Maisah. After Maariv, the gym was rocking as the generals were introduced! The Blue general was 9th grade counselor ARI SCHEFF! The Green general was *your editor of "In the Spirit"*, 9th grade counselor IZZY KRASNOW! 3 DAYS OF

COLOR WAR WAS OFFICIALLY UNDERWAY!

Monday: Competitive sports games

(for older divisions) highlighted the morning schedule on a beautiful first day of Color War. Before lunch, the teams met for their ROCKING Cheer Song team times, which were then performed by lunch. After lunch, the younger divisions took the fields for their sport games.

After Mincha and learning groups, the baseball field took center stage for the annual Home Run Derby! Some excellent young talent was on display as the whole camp watched the

slugers battle it out in one of the most exciting events in camp. Following supper and Maariv, each team presented a camper theme speech, where the themes were explained in detail and beautiful stories exemplified them. (Shoutout to Yitzchak Katz for a beautiful presentation, I'm sorry I forgot to put you in my In-General. Once I'm giving shoutouts to people I forgot in my In-

General, shoutout to my cousin Moishe Krasnow for the golf cart rides throughout Color War- very

clutch!). Then everyone joined together for two very entertaining color war SKITS! The crowd was delighted by the talented counselors who put on quite a show! Then everyone got some much-needed sleep after a busy day of fun and Ruach around camp (except for the general of Green who's still up late at night typing this for you to read over the weekend...)!

On both Monday and Tuesday, camp was Zoche to have the chance to be Mechabed two of the Gedolei Hador, R' Mattisyahu Soloman Shlita and R' Shmuel Kamenetzky Shlita. Despite the

hectic Color War schedule, everyone in camp stopped what they

were doing each day to come down to the gate and dance the Gadol up to camp! R' Mattisyahu came on Monday afternoon, and R' Shmuel on Tuesday morning. Only in Camp Agudah do we have the Zechus to be graced with the presence of such Gedolim!

Tuesday: The sun shined once again for what was a beautiful day 2 of Color War! The morning activities were followed by team time and the singing by lunch of the March Songs.

After Mincha and learning, the late-afternoon activity was the annual Color War Apache Race! A dizzying array of tasks made up the schedule of the nearly half-hour race, which featured dozens of campers and staff members from all ages. A fun time was had by all running from one spot to the next! After the apache race, a team time was held to learn the new Theme Songs, which were then beautifully sung by supper.

After a delicious Flougies supper, everyone returned to the gym for play night! First up was Green/ Maaseh, who put on a thrilling and

breath-taking play showing the power of doing just one action of a Mitzvah.

Following the play was Maariv and a banner presentation. Each team drew a beautiful banner (see collage) bringing out their theme, accompanied by a speech. (Shoutout to Moshe Pomerantz for a beautiful presentation, I'm sorry I forgot to put you in my In-General). Then everyone returned to the gym for the Blue/ Machshava comedic play, which showed the power of putting thought into a Mitzvah. It was a fantastic day and night all around!

Wednesday: 3rd day Color War is undisputedly the biggest and most important day of the summer! An action-packed day began with the Grand Bechina in the Shul. Hard-working

campers studied the material non-stop for 3 days in preparation for the questions, and they came

through with flying colors! It was a special Kiddush Hashem. Following early Mincha, the rain in the morning moved outdoor races off the grass and onto the pavement by the main

building, but of course, everybody still had the opportunity to be "disqualified". Then the day started to really speed up, as the Hebrew song/ Alma Mater team time was held by both teams. Following that was one of the highlights of the summer, the beautiful Grand March. With the setting sun, both teams marched in unison to

their team's Grand March formation, making a beautiful picture! And the best part of all was after,

when both teams together formed one huge circle, and danced B'achdus as can only be found here in Ruach Country!

By supper, both teams put on a hilarious comedy skit/ song (which can be found in the yearbook next week)! After Maariv, both teams headed to their final team time to prepare for the climax moment of what has been an incredible summer- THE GRAND SING! The

dining room was beautifully set with balloons and curtain streamers

for the extraordinary event that was to take place. Both teams were dressed up with costumes as they marched into the Grand Sing! The Achdus and pump could be felt from the moment the teams danced into the dining room (to Meloch and Eliyahu Hanavi respectively). Then the head staff put on their annual skit as the generals left the dining room, only to arrive back a bit later for the general's intro decked out in sparkling tuxedos! Following the general's intro, the "Sing" part of the Grand Sing got under way; here is a look at the "lineup" of songs for both teams:

Blue/ Machshava: MARCH SONG- Thank You Hashem (Joey Newcomb), THEME SONG- Tzadik (Cantata 2019, R' Yitzzy Bald), HEBREW SONG- Hinei Ma Tov (Avraham Fried), ALMA MATER- Eishes Chayil (Acheinu, Shapiro Brothers)

Green/ Maaseh: MARCH SONG- Es Tzemach (Miami Boys Choir), THEME SONG- Birchas Haorech (Ohad), HEBREW SONG- V'atah Kadosh (NYBC), ALMA MATER- Al Tirah (Waterbury Mesivta)

Song by song, the teams alternated hit after hit. The March songs rocked, the Theme songs struck a chord deep in everyone's heart, the

Hebrew songs had the roof shaking, and then of course, it all came down to the climax of the most special

night of the summer, that being the Alma Mater. The Blue Team's was first, with the song ending beautifully with "I can't imagine a summer without Ruach Country". Then the Green Team sang their Alma Mater, with the song ending with the classic words "Thank you for the time of my life". As everyone locked arm in arm, the emotion of this moment made everyone realize just what a special camp we are part of, and what an incredible 3 days of Color War it was!

While everyone was a "winner", only one team could have more points. "AND THE WINNER WAS THE TEAM OF –

BLUUUUUUUEEEEE!" Congratulations to General Ari Scheff!

WHAT A BEAUTIFUL AND FUN 3 DAYS IT WAS!
THANK YOU TO EVERYBODY FOR MAKING THIS

YEAR'S COLOR WAR THE MOST SPECIAL ONE YET!

Thursday: Although everyone was quite exhausted, there was still a lot to be done on a busy day. League playoffs began throughout camp on Thursday morning! Breakfast and lunch on Thursday were both held outdoors, for it was the annual Camp Agudah picnic day, which meant the dining room was busy for CONCERT NIGHT! The rest of the day flew by, with everyone counting down the hours to the big event.

Following the final BBQ of the season and Maariv, everyone headed down with their

"ticket" to Music for the Soul 8, with much anticipation to meet the stars of the night- Freilach Band,

Shmueli Ungar, and Shloime Daskal! The star-studded stage did not disappoint the eager audience, as hit after hit the crowd was wowed by the musical brilliance on display. The two singers remained on stage the ENTIRE time (a nearly 2-hour concert!), and the energy did not stop! Many of Shmueli's hit songs, such as Mach a Bracha, Emes, and Lekavod Shabbos, were the highlights of the night. Shloime's incredible stage presence and strong voice had the crowd dancing throughout what was a very special and memorable night. Thank you to everyone who was involved producing this mega-event!

WHAT A WEEK! WHAT A SUMMER!

As we are closing out the final "In the Spirit" of what has been an incredibly successful season, there are a few people who deserve recognition for making this newsletter, and the summer season, such an incredible success.

Firstly, to Hakadosh Baruch Hu for giving me the strength and ability to be able to deliver all the latest news around camp to you each week, and for giving me the most incredible summer ever.

Thank you R' Newmark for giving me the opportunity to guide the readership throughout the summer that was. May you be Bentched to continue your Avodas Hakodesh for many years to come.

Thank you R' Neiman for being the proofreader, and for everything else in ensuring that every boy who comes to camp has the most amazing 4/8 weeks of their year.

Thank you to Meir Terebelo and Naftali

Leshkowitz for all their help in the picture department.

Your patience through our late Thursday night

meetings was greatly appreciated!

And Acharon Chaviv, to Mrs. Rand for making sure you, the reader, get the newsletter each

week with beautiful clarity and ease. I apologize for all the times I made you crazy in getting the formatting exactly the way I wanted it, but you always answered with a smile and made it such

an enjoyable and pleasant experience to be the editor the last 2 summers. Thank you!

There'd be no newsletter without the readers- thank you everybody for your interest! That means you, the parents and camp enthusiasts, who read the newsletter calmly at home, and the campers, who trample each other to read this newsletter at the Friday night Seudah. I hope you enjoyed the newsletter as much as I enjoyed producing it!

Thank you everybody for making this season such an overwhelming success. There is truly no place like Ruach Country, a place where memories are created that last *forever*.

Welcome to the weekly AFFL newsletter, MMQBI In this weekly publication, you will receive all the latest and greatest from around the most coveted and popular league in the mountains. From the latest standings, to the best moments of the week, to the inaugural AFFL Hall of Fame induction class, you'll be getting incredible AFFL access!

This week was a very short week, as the first game was held just this past Thursday. But the action began as early as Tuesday night, where the talent was on full display at the first ever outdoor AFFL Combine! Below are the leaders from the various drills. Thursday was the event we were all waiting for- the AFFL DRAFT! One by one the lucky draftees made their way onto the stage for the shining moment of their young lives. Congratulations to all the draftees!

On the field, the games have been awesome so far. From Chaim Zucker's bombs downfield, to Meir Bergman's scrambling, to Mordechai Ishakis' prowess on both sides of the ball, there has been some excellent talent displayed in the early going. The game of the week was certainly the Erev Shabbos thriller between Yellow and Carolina Blue, with

Yellow sneaking out a 34-32 victory. There were some other great games on the early going as well! Looking forward to an incredible upcoming week of football.

AFFL HALL OF FAMER OF THE WEEK: As we have begun the 6th season of AFFL play, we have the first class of veterans that have been retired for 5 seasons, thus making them first time eligible for the AFFL HALL OF FAME! Throughout the summer, we will be inducted those who have left a legacy and a lasting imprint on our special league. The first EVER inductee to the AFFL H.O.F is none other than SHIMON D. ISAAK. Shimon starred at offensive line for the team fortunate to have him that first year. After a heaping portion of carbs at lunch, opposing defensive lineman would shudder as they glanced at the schedule and saw a matchup with Shinamon on the gridiron. Shimon not only dominated on the field, but also excelled off it with his charitable work and superb charisma. Shimon was such a pioneer to what our league stands for that as of a few years ago a reward was even named after him. It is To Shimon that we owe so much of our success to, and are thus proud to induct him to the AFFL H.O.F!

What a fun week it was once again the AFFL! As we are right near the midpoint of what's been a fun season so far, the league has begun rounding into shape, as the teams are showing just where they think they stand in the playoffs.

Yellow has continued to storm through the competition with only one small blemish in an otherwise spotless season, including the league's most stark point differential at a near +15. Their size and strength are a daunting task for all opponents, as they struggle to find a weak spot in this team.

In the middle tier, Lime has had an up and down season, but definitely looks strong enough to make a serious playoff push. The upcoming week should be huge for them, as they try to separate from the pack.

Sapphire Blue has run into a small rough patch over the last couple games, but GM's across the league believe this team can find its way before the big December games lead into the playoffs. "There's just too much talent there" said a well trusted executive.

Carolina Blue has shown at times to be the most explosive offense in the league, but certainly has a lot to prove on defense if they want to join the top of the league and make a push for the Flambardi trophy. They may just be the Houston Rockets of football- trying to score more than you can while not caring how much you score.

And then there's the story of the week; after a series of trades, CORAL PINK EMERGED FROM THE CELLAR AND NOTCHED THEIR FIRST VICTORY OF THE SEASON ON EREV SHABBOS! As players and fans alike celebrated on

the field after the game, the commissioner wondered to himself if perhaps a similar celebration could miraculously take place in 2 weeks from now in an epic "worst to first" comeback of a season? Well anything is possible in the AFFL! All 5 teams could make a case as to why they're the one who can come out on top. Looking forward to a big week of AFFL action as we head towards the AFFL playoffs!

THE AFFL PRO BOWL WILL IT BE THIS MOTZEI SHABBOS!!! Voting ballots will be distributed later this week to all bunks in camp. Ari Scheff and Mo Berger would like to apologize in advance to the opposing lineman. We'll see you all on the field!

AFFL HALL OF FAMER OF THE WEEK: For the second consecutive week, the AFFL is proud to enshrine a world class athlete lineman into the AFFL Hall of Fame; the one and only KUTI SHIPPER! Like the original inductee Shimon D. Isaak, Kuti earned his reputation as a top flight star by doing the work that doesn't necessarily earn the accolades of the guys scoring TD's, but every football expert knows is the key to winning big games. Providing a wall faithfully to his quarterback, and making the opposing quarterback wish he actually had a wall, Kuti was a force to reckon with at all times. As he would always say after a big sack – "I don't see why not!"

While trip week slowed down the schedule just a bit, there was still plenty of exciting action on the gridiron in the past week of AFFL play! With the final regular season games about to be played, let's take a look at where the 5 teams are as they head into the playoffs.

Yellow continues to be the league powerhouse, but showed vulnerability in their last game, an Erev Shabbos thriller vs Carolina Blue. There doesn't seem to be panic in the team after the loss, but it was certainly a wake-up call before the big games ahead.

As noted, Carolina Blue pulled off the upset, ending Yellow's 4 game win streak. Coaches around the league are calling it the biggest win of the season for any team. Team trainers are closely monitoring the health of QB Chaim Zucker's right arm as the playoffs approach, but a clutch bye seems to have come at the right time for Carolina.

Sapphire Blue seemed to be a team in crisis, but an important players-only meeting (not really) may have been just the thing Sapphire needed to turn their season around. They came out in their last game and ended their losing stream with an emphatic victory over Lime.

Coaches fear this is a team that can sneak up on one of the top teams in the playoffs.

Like Sapphire Blue, Lime seems to have hit the skids a bit after a strong first half of the season. There is a lot of talent on this team, and they'll be looking to put it together and come up with a big victory in today's game vs. Coral Pink and end their 3-game losing streak.

Speaking of which, Coral Pink continues to be the story of the league. After 5 straight losses to open the season, they have won 2 of their last 3, with reinforcements arriving via a steal of a trade by the GM. Whether Coral Pink can take their recent success into the playoffs will be the main focus of the league at the end of the week.

The playoffs will be beginning at the end of the week. All 5 teams are definitely in play for the Flambardi trophy! It promises to be an exciting end to what has been a fun season so far!

** The next MMQB will be the first Monday of second trip. This is the last issue of the first trip. Congratulations in advance to the Super Bowl Champions, and congrats to all those who have made the first half a major success! **

AFFL HALL OF FAME OF THE WEEK: Whereas the last couple of weeks we have enshrined two "bruisers" into the Hall, this week's inductee is a legend in his own right, but a completely different player the Shinamon and Kuti. We are proud to induct the one and only ASHI SCHARF to the AFFL HALL OF FAME! Steady hands and precise route running made Ashi a star from the moment he stepped onto the field. Defenders used to

have game plan about how to defend the sneaky receiver who always found a way to get open. Not only was he a star on the field, but Ashi's charitable work and the "Ashi Foundation" have become staples in the community since his retirement. We are proud to have Ashi join the AFFL Hall Of Fame! Everyone together now- ASH!! ASH!! ASH!!

MONDAY MORNING QUARTERBACK

Week 4

Monday, August 5th, 2019

Welcome back to another series of MMQB, the weekly Monday morning AFFL exclusive newsletter! The most venerated league in the mountains is looking forward to another incredible season, after the first season of 2019 ended with Yellow claiming the championship.

The league got off to an exciting start with a showcasing of the INCREDIBLE imported Yeshiva Camp talent at the biannual AFFL Combine. See results on the leaderboard below. The very next night, a surprise trip to Superdome Sports NJ gave the commissioner's office an excellent look at the talent, as a massive tournament was held. And on Thursday, the moment everyone waited for- the AFFL DRAFT! Congratulations to all the draftees on a their well- deserved honor!

Over the last few days, the games began. Wow, were there some super tight games! Be it Gravel defeating Pink in a 2OT thriller, or Sunday's Pink victory over Daisy in a neck and neck battle, there has been some fine talent and athleticism displayed in what has been a very exciting start to the new season.

Next week in MMQB, we will take a look at where each team is at what will be around the midpoint of the season. The action promises to continue to excite throughout the week. Good luck to all teams!

THERE WILL BE NO TRADES UNTIL AFTER AT LEAST 4 GAMES

AFFL HALL OF FAMER OF THE WEEK: As this is the 6th season of AFFL play, that means there have been AFFL legends who are out of the league for 5 seasons, thus warranting them eligibility into the inaugural class of the AFFL HALL OF FAME! First trip we inducted Shimon D. Isaak, Kuti Shipper, and Ashi Scharf. Our first inductee this half is none other than the legend himself AVRUMI ROSENBERG. A feared "little guy" receiver, Avrumi was Julian Edelman before Julian Edelman. His speed and sure-fire hands made him a matchup nightmare for opposing defenses. His desire to win AFFL games was so great, it was nearly half as strong as his desire for the Mets to win a random game vs the Marlins on April 11th. A fierce competitor he was, but Avrumi off the field was the nicest guy you could find. His charity organization, Chesed L'Avrohom, is world renowned today. We salute Avrumi for all he has done for our fabulous league. Congratulations on being the 4th inductee to the AFFL HALL OF FAME!

MONDAY MORNING QUARTERBACK

Week 5

Monday, August 12th, 2019

As we are well into the second trip AFFL Season, let's take a quick look around the league at all of our teams!

Azelea Pink sits proudly in first place. A balanced attack on both sides of the ball certainly has them as one of the favorites in the league going forward.

Daisy seems to be not far behind. Many analysts feel that their tight day 3 loss to Azelea Pink can be a rematch sometime down the line in the playoffs.

Sapphire Blue is a team that has been consistently good throughout the season. The quarterback though has been a bit of a nuisance in the commissioner's ear regarding trades, and action may soon have to be taken. Look out for that to become a league storyline.

Ash seems to have bona-fide Pro Bowl talent on both sides of the ball, and that has shown in what has been a very nice season for them so far. Look out for them in the playoffs.

Gravel has come back to earth after a scorching hot start, including the most puzzling loss of the season, a humiliating defeat at the hands of Safety Green. Question marks still remain around this steam, although GM's throughout the league believe they have a big playoff run in them.

Gold seems to be involved in a close/ controversial game every day, but more often than not ends up on the victorious end. Their tendency to win close games could prove very valuable down the stretch.

Lime seems to be a very talented team that is just struggling to fully put it together. Coaches feel that an impressive effort vs Azelea Pink may have been the "morale victory" needed to trigger a winning streak.

Safety Green seems to have figured it out. After a head-scratching 0-4 start, they emphatically trounced

Gravel on Day 6 to get their first win of the season. This could be the beginning of big things to come for Safety.

The beloved Browns got a big first win with their new quarterback, and put up a strong effort on Day 5 vs Azelea. Fans around the league are curious if Brown can go on a run to get themselves into serious contention.

Carolina Blue came up just short vs the Browns, and is still in search of their first victory. One could not help but wonder if they are this half's version of Coral Pink, and a strong late-season push into the playoffs is in their future.

It's been an amazing season of football so far! The push for the playoffs continue, and we will get you all set for the end of the season in next week's season finale of MMQB!

AFFL HALL OF FAMER OF THE WEEK: The 5th member of our inaugural Hall of Fame Class is none other than the Riving Regend himself, TZVI GOLD. Blessed with freakish athleticism and wit, Tzvi would come down to the field with multiple undershirts every game to try to confuse his opponent. Coaches would be up all night trying to figure out how to stop the hulking lineman. Beloved amongst his peers, Tzvi always found time for his friends and family off the field. The "Tzvi G" foundation has become a destination charity for needy Bar Mitzvah boys looking for wristwatches throughout the Florida/ Boca Raton area. We are honored to have Tzvi join us as one of our inaugural members!

Week 6

Monday, August 19th, 2019

In the final edition of MMQB for the 2019 season, let's take a look around the league with just one game remaining before the AFFL Playoffs!

3 teams sit atop the league at 6-2; Sapphire Blue, Gravel, and Azelea Pink. Each team seems to have a fine claim as to why they are the Super Bowl favorites; Sapphire has dynamic team chemistry, as evidenced by their team photo at the Selfie Booth yesterday. Gravel has incredible poise and confidence, and Azelea has a lot of excitement and eagerness to win every time they step onto the field. It will be very exciting to see which of these 3 powerhouses could make a "Super" run.

Sitting at 5-3 is Gold and Ash. Gold has fallen off just a bit from their league leading 4-1 record, but has the talent to quickly turn things around. Ash can win any game they play in with their dynamic stars on both sides of the ball. Don't count these teams out of the playoff hunt.

Two teams headed in opposite directions at 4-4 are Daisy and Safety Green. A hot start has definitely cooled off for Daisy, who will certainly be looking to enter the postseason with a big win to put themselves over .500. Safety Green is the hottest team in the league. They are the obvious "underdog" pick to make serious noise in the playoffs.

Taking up the rear of the league are 3 teams; Lime, Brown, and Carolina Blue. After a fast start, Lime has been struggling mightily to score points. But don't be surprised if they can sneak out a big playoff victory. Brown has been in many close games, but has trouble finishing off their opponents. Maybe the ball can bounce just once in their favor and they can get that big playoff win. And the SHOCKER of the season so far was Carolina Blue's 34-0 outburst for their first victory of the

season! Was it a sign of thing to come? Only time will tell. And as we have seen many times this summer-anything's possible in the AFFL!

What an incredible Pro Bowl it was! The most well played and trying physical battle of the season truly lived up to its hype. Thank you to all the players and counselors for making it such an enjoyable event!

*There will be one more regular season game scheduled (Day 11). ALL TEAMS WILL BE IN THE PLAYOFFS! The first round will be a Wild Card round, with the 7th best record vs. the 10th best record, and 8th vs 9th. the winning teams of that game will advance to the 8-team playoff. *

<u>AS OF DAY #</u> <u>11</u>	<u>Wins</u>	<u>Losses</u>
<u>Sapphire Blue</u>	6	2
<u>Gravel</u>	6	2
<u>Azelea Pink</u>	6	2
<u>Gold</u>	5	3
<u>Ash</u>	5	3
<u>Daisy</u>	4	4
<u>Safety Green</u>	4	4
<u>Lime</u>	2	6
<u>Brown</u>	1	7
<u>Carolina Blue</u>	1	7

It has been an incredible first season (and hopefully not last!) of MMQB. It has been an amazing season of AFFL! More on that in the AFFL yearbook article. Thanks again to everyone for all their interest in making the league the greatest it ever was!

Signing off, Commissioner Izzy

AFFL HALL OF FAMER OF THE WEEK: Closing out the inaugural Hall of Fame class of the AFFL Hall of Fame, is the great YOSSİ AKERMAN. A beloved athlete and

friend to many, Yossi starred at wide receiver. He was known to load up on pre-game protein by eating 1 pound of Bagel Hole tuna by lunch daily. His personal strength and conditioning coach, his cousin R' Yehuda Schwebel, was once heard saying he had never met a physical specimen quite like Yossi. He wanted to take videos of Yossi's intense workouts, but he refused to touch a smartphone to video. Yossi's off the field work has

inspired all those around him. A proud teammate of Shimon D. Isaak, the dynamic duo tore the league apart. We are truly proud to have someone as honorable as Yossi joining our Hall of Fame!

AFFL 2019 Memories

As I sit down to write this letter in middle of the 2nd trip, it's hard to imagine that soon we will be going home and there will be no more of...

AFFL Combine (for the first time outdoors!), forgetting to put out t-shirt sizes by the combine and scrambling to make up a t-shirt size for everyone right before they were given out, the first half AFFL draft (featuring Yisroel KASHEN), the first meeting in the Shul where the rules were explained and nobody understood them...

That first day of games first half where you guys didn't know what a football was, the incredible growth of your football knowledge as the games passed by (it couldn't have gotten any worse after that first game!), the early dominance of Yellow led by MVP Binyomin Kriger, the internal struggles and commissioner's meeting with Sapphire Blue (as they ultimately turned things around to play in the Super Bowl!), the up and down season of Carolina Blue, led by Chaim Moshe Zucker and TD machine A.T.M (where'd Yossi Green go!?), the incredible blinding speed of Mordechai Teitelbaum making Lime a must-see game every day, and of course, THE INCREDIBLE FIGHTING SPIRIT OF THE SINCE-RETIRED TEAM OF CORAL PINK!...

The league meeting about "not giving up", the *incredible* Pro Bowl featuring the 9th grade counselors HUMBLING the campers, Mordechai Ishakis' chasing of Michael Strahan's sack record, Eliyahu Herskovits wrecking both sides of the football, the stupendous refereeing of the one and only Aryeh Zev Scheff, the trades that Yellow never got but everyone decided they needed, the emergence of incredible talent by some players throughout the season that no one saw coming...

The first ever AFFL Wild Card Game where the fan-favorite Coral Pink defeated Lime, the GREATEST NIGHT IN AFFL HISTORY featuring a 14 point Yellow comeback vs. Coral Pink in the last 10 minutes to reach the Super Bowl and end Coral Pink's "Cinderella Story", perhaps the greatest game in AFFL *history*-the Tripe Overtime (!) semifinal game in which Sapphire Blue defeated Carolina Blue, the award ceremony in the dining room (rocked by the "small but loud" 9th grade crowd) where 8 deserving awardees were given their proper dues (shoutout to Fan of the Year Bentzy Ingber and *all our other amazing AFFL fans who come to watch!*), the rainout of the Super Bowl later that night, the CRAZY idea of waking up the last day of the half at 5:30 AM to play the game at 7:00 AM, that crazy idea actually happening, Sapphire Blue sleeping through the Super Bowl and Yellow running away with the first half AFFL CHAMPIONSHIP!!!

And sitting here in middle of the second half, how could I forget the memories of the second half so far, including...

The first ever combine in AFFL Stadium, every single one of you in the grade signing up to play, 10 first round draft picks at the AFFL Draft, THE UNVEILING OF THE NEW AFFL COLORS INCLUDING "SOMETHING" BROWN AND AZELEA PINK, the incredible amount of tight and competitive games throughout the half, the small but powerful team of Sapphire Blue led by Yosef "Offsides defesense" Pogrow, Gravel led by receiver- turned QB Shmuli Lefton, Azelea Pink making Coral Pink proud, Gold led

by pro bowl LOSING QB Chaim Moshe Zucker, Gershooooooooon and Ash, *ref* Eliyahu Herskovits and Daisy, Safety Green's second half of the season resurgence, Shloime Flschman sprinting up and down the field for Lime, Something Brown's excellence at finding ways to lose close games, Carolina Blue getting their big first win at the end of the season, the incredible new talent that joined us from Yeshiva camps, etc etc etc....

This "letter" of memories is going to print the Shabbos before Color War (right before the Pro Bowl), so that's about it for the memories of 2nd half. But congrats in advance to the 2nd half Super Bowl Champions!

IT'S BEEN AN AMAZING SUMMER OF AFFL FOOTBALL HERE IN RUACH COUNTRY!

Of course, no league is complete without referees. I'd like to thank all of our referees, including Mo "Random Kaepernick Jersey" Berger, Ari "I'm doing first game" Scheff, CJ "I'm not burnt out" Gelberman, Mike "I could only ref morning and night games" Rabinowitz, Mordechai "Holding on the defense" Frischman, Aaron "Commish for a day" Fox, Moshe "His father gave out donuts to the whole camp" Pearl, Elozor "Detroit" Frischman, Cham Noach "Abby's uncle" Hager, and Sruli "OAR song leader extraordinaire" Perl. Thank you for always reffing without a fuss (well, usually), and for helping make the league the amazing success that it was!

I'd be remiss in not giving proper due to R' Avi Schilit for all the extraordinary effort he put into the league. Be it the brand new beautiful AFFL T-Shirts, the referee gear, making sure the fields were properly done, and so much more, the league would be nothing that it is today without his hard work. Thank you!

Shout out as well to the maintenance crew for the lighting and properly making the field/lines (well...)!

And finally, to you, the players, whom without there would be no league (obviously). It was a true "Nachas" to me watching how you all enjoyed playing the game that so much effort was put into by all of us. I hope the memories you got here on the luscious gridiron (luscious would *exclude* all the 10 yard-line areas and the entire "hockey court side" of Field 2) will be a hot topic in Yeshiva as you brag to your friends about the *incredible* time you had playing AFFL in Camp Agudah. It was an HONOR serving as your commissioner this summer. Thank you to everybody for making it such a successful season!

BUNK YUD DALED

CC AKIVA SHARF | CC RAFI GLAZER

ONCE UPON A TIME

There were two counselors named Akiva Sharf and Rafi Glazer. These two men were sent on a very special mission to be counselors of a certain bunk in camp Agudah. However, this bunk wasn't any regular bunk. This bunk had excellent middos, were always on time and never talked during davening, they are all great at sports, and all of them are all legends. But instead of going to that bunk, they decided to go to bunk yud daled. Now these guys are the opposite of perfect! Let's start off with the first one who is known to be extremely spiritual, give it up for NESANEL BRECHER! This guy has never had a bad day in his life even when the entire bunk has! He his known far and wide as the guy who laughs at every weird sound glazer makes. Random fact about Nesanel, one of his all time favorite things to do is have kumzitzim after curfew #doesnthaveads. Next up (insert 300 violin orchestra here) standing at 7'3, weighing 426 pounds, the first baseman TZVI "NORMAN" EHRMAN! Some know him as the biggest Yankees fan there is, me personally, I know him as the guy who laughs at glazers toot toot sounds. However, no one can deny the fact that Tzvi Ehrman is going to get far in life (and the faster he gets there, the better it is for all of us) #2ndtimecamper #getwrecked! #cwhat?iseealoser #itsnotaboutthelanguageorgeographyYEAH! #WAAAALTER! (family trip). Moving on in the bunk, if you thought he could destroy you only in hockey by scoring off the greatest defenders in the league, then you have never seen him play soccer on the same team as Rabbi Halbertal! Give it up for your favorite canadian SHMUEL "HOW DO YOU SPELL THAT LAST NAME" FAIVUSHEVITZ! With his sick dance moves nobody has any chance against him on the dance floor #2ndtimecamper #fancyglasses??? #laughseverytime-somebodysaysdump. Now if you thought that bunk Yud daled sounds interesting get ready to have your mind blown with SHLOIMY "FLIGS" FLIGMAN! Even though his mp3 has really good music and he has more cousins than anyone else in agudah, I don't know why that

makes him think he's so cool that he can charge people \$5 to see him brush his hair! #canadian?! #underrated. You can see him from a mile away with his epic tan line and his flashy costumized sneakers, make some noise for MENASHE FURER! Most of you know him as the guy who scored that crazy hockey goal with 2 seconds left to tie it up for the green team and help them win it in over time, but ask his mother and she'll tell you that Menashe is the cutest kid in camp! #knewalltheanswersto-the10questionsnightactivity. Clear the dance floor! It's the professional Mexican dancer MENACHEM "MOOJ" GOLDFEDER! Mooj always makes sure that he is talking tachlus, and as the greatest shadchin in agudah he knows

exactly what every bochur is looking for. This summer, mooj was lucky enough to get the greatest league captain ever! (I don't mean shragi) Some of the things on mooj's list of things he loves most are diamonds, rubys, sapphires and every kind of jewel. #2ndtimecamper #ms.bella. #thecreatorof"drizzle"#criedby-thegrandsing. Uh oh! It's time for HIM! With no introduction necessary let's hear it for AVI "OYOIYOIYOI" ISHAKIS! With a criminal record in 47 states including Virginia for excessive neck hanging and for terrifying the entire camp with his pet snake sharing a bunk bed Avi Ishakis was definitely a memorable experience! #isharierthanhiscounselorfirsthalfandsecondhalf #yasqueen #ultrasuprememegastuforeo #fatherisacomedian. Next up, batting number eight, the pitcher MORDECHAI "THE GREEK FREAK" ISHAKIS! Rumor has it that Mordechai's success as a pitcher comes from the fact that he uses the stickyness from fly traps to grip the ball better and to give it more spin. A little known secret about mordechai is that one of his favorite things to do is watch Dovid Philip and Eli Compton sing by color war songs #2ndtimecamper. We are now halfway through the bunk and it's all downhill from here. With a shot that Lebron James wishes he had and a voice that makes Mordechai Shapiro jealous, let me hear you ladies and gentlemen for the one and only MORDECHAI "MORDY" KAHN!

Whether he's wearing his Amar'e Stoudemire jersey that is 5 sizes too small or his agudah jersey that has his name spread out to far, at any time and at any place, Mordechai will own anyone at any sport! #hehasabrotherin9thgrade?! #needsapicturewithakivaandrafi. Watch out for for this next one because he will see you miles before you can see him! With his binocular glasses let me see you get up and scream for DOVID "BONE MAN" KAUFMAN! By day he may seem like a normal regular camper, but I bet you didn't realize that he is actually a STAFF KID! I know! My mind was also blown when I heard that! #2ndtimecamper. Moving on to the next camper, he can only be found on the basketball courts where he is busy crossing over everyone and dunking on rebound center try to make a fraction of the noise that his alarm clock makes for SHLOMO PINCHAS PERLMAN! He is known for being the most selfless camper in agudah by always offering his snacks to the bunk and his love for hearing stories about demons and deebooks #psych!nottodayson #youmohmishbummedout #ZeGlazed-Donuts #BasarVodam #alwaysdizzy #purpleyahlmuka. Now before we move on to the next camper what is that?! Is that a walking sleeping bag?! Oh wait, that's none other than YAAKOV "RUDY" RUDOWSKY! With his trusty lazer that he uses to blind everyone it is almost impossible to ever see yaakov especially because he makes sure to be up extra early every day to be on time to cocoa club #2ndtimecamper #allayNU! #kohcuhsouv #rudonsky #lovesmishnayos. "Sniff sniff". Do I smell smoke? Is there a fire?! Oh wait, That must be our favorite pyromaniac SRULI "SCHLISS" SCHLISSELFELD! Known worldwide as the bottle flip champion who can land any bottle on its cap without even looking! #jayden #dontmessdumbmess #lovesshazam #brotherisatraitorforgoingtorayim. I'm looking around the table for who to write about next and I see a huge pile of letters and emails so I guess that means we are up to YAAKOV MENASHE "YACOV" SCHWARTZ! Some said it couldn't be done, but Yaakov Menashe has done it once again and is the back to back champion of the "neatest bed" award! Congratulations Yaakov Menashe! Your parents are probably so proud that your bed and shelves are so neat that they will probably take a picture of it! (Rumor has it that he has the most comfortable bed in agudah #2ndtimecamper #coolesthairincamp #yourfatheriscj?! #lakewood?? Wait! What's that in the sky? It's a bird! It's a plane! No! It's MENACHEM "THE GOLIATH" TAUB! The professional photographer of the bunk who makes sure to catch every exciting event that happens in bunk Yud dialed. Menachem, due to the fact that I want to keep my tips please dont tell anyone that you are actually the counselor please! Rumor has it that Menachem's mother is 6 feet taller than his father, but that is only a rumor #5"11 #2ndtimecamper #jbl. Wait wait wait... Why is there a camper sleeping on the floor?! And why is he wearing tons of hockey gear?! Oh! My bad! It's our favorite wannabe canadian NAFTALI "MR. WOHLGEMOOF" WOHLGEMUTH! Naftali loves wearing gog-

gles anytime he's anywhere near water (wink wink) and only listens to describe #wearewaitingforU #eh? #olderbrotherisalegend #moberger'sbestfriend. And of course we can't forget our favorite story teller who lights up the room with his hilarious witt and unbelievable charisma scream until your lungs pop for MENACHEM "SHAZAM" GOODMAN! Thank you so much for stopping by our bunk and treating us to your awesome stories and inspirational quotes! #campmommy

Just to be fair to everyone reading this, even though bunk yud daled has some interesting campers the counselors aren't much better. First we have the guy who can make the greatest lazer tag sounds ever AKIVA "MONICA" SHARF! Even though he is 19 he is STILL being confused for a camper! #bangbangbang #mwa #behappybemonica #pewpew #yilomDO! #wheresmyjbl?! #candycorn #moonwalking #wastherealwinnerofthebeatboxcontest#in20feetmakeanillegaluturnandhitthefatuglyoldlady. He's got the swag walk, he's got his massive headphones on, he's got the hairiest chest in camp, and he's rapping about when he was in middle school and how much he loves hashem give it up for the legend himself RAFI "DRIZZLE" GLAZER! The greatest beat boxer and basketball player to ever walk into camp! And when he's not jogging or teaching the bunk mishnayos, he's having a shtark seder with Azi #snortingrapping #Dr.drizzle #betterthancj #middleschool #shadowfights

In all seriousness guys, this half was literally the greatest I have ever had! Rafi, I was so pumped when I found out that I was lucky enough to be co counselors with you! And you did not let me down! Thank you so much for staying 2nd half and hatzlacha in Rubanowitz! And to the rest of you clowns, Rafi said it perfectly in our bunk pep talk that every single one of you contributed immensely all in your own special way and never in a million years would I ever think about switching any of you for any other camper! It was because of every single one of you that made bunk yud daled the greatest bunk in camp agudah history! And always remember what I say... YUD DALED! YUD DALED! YOIOYOIOI! YUD DALED! YUD DALED! YOIOYOIOI!

Have an awesome year guys and feel free to call anytime!
